Made in 20 minutes, looks good to me. He's holding stacks of cash btw

Eccy - February 26, 2018, 1:00 pm

Looks good af, but I'd change the Gucci to something else

Like what? I have no ideas

RoastyToasty1 - February 27, 2018, 5:31 pm

Very nice, I suggest changing to Gucci, idk what to but I recommend changing it aha

looks gucci tho

Pre-eminent - February 27, 2018, 5:32 pm

I can't really see what the design is supposed to look like. I'd avoid using Gucci in the design as well if you plan to actually sell these you would get in some legal trouble.

PeaceWeed - February 28, 2018, 11:15 am

What do you guys suggest I change it to tho?

Fortunate - February 28, 2018, 11:40 am

I don't see anyone buying this really, doesn't look that great to me.

The fact that you also have to state that he's holding cash is already bad.

I'd change the font and avoid using brand names in designs for obvious reasons.

jazavac - February 28, 2018, 11:44 am

Pretty good design man, yeah I agree with the rest of the guys, change gucci to something else, because of copyright etc...

Change it to something like ca\$h, or something that is sinomim with expensive :D

btw design is 9/10

PeaceWeed - March 1, 2018, 5:44 am

Ok I'm on it, thanks guys

Pain - March 1, 2018, 5:47 am

Uhh it would look nice if it were clearer, I cannot see anyone holding cash

gianni - March 1, 2018, 5:53 am

Disgusting and cringe are 2 words that can describe this shit.

The Doge of Wall Street - March 1, 2018, 5:56 am

wtf is this kind of BS
would not even wanna look at it

SkullTraill - *March 1, 2018, 7:13 am*

Looks like he's holding a bundle of sticks. + Supreme text. + Not sure you're allowed to legally use Gucci on it.

Dope - *November 7, 2018, 1:42 pm*

If it was more clear it'd be abit better, also I'd change the font. :)

Dominusa99 - *November 14, 2018, 4:11 pm*

Gucci is a brand name, so just be careful with copyright laws
