Thread: [\[FREE\] My "No Dick" Method | Little setup | Gain only Buyers | Free Support |](#)

Gen1e - February 28, 2018, 12:13 pm

Thanks Mr. Burnham and his little ebook and one of his pack, I figure out my own method that works amazing, at least for me.

No, you will not make daily \$500+ or \$50000+ per month. I don't ewhore 24/7. But feel free to test how much you can earn.

I always hated to talk to bunch of people, asking how they are and their stupid fetishes... AND I FUCKING HATE DICK PICS! I hate "sexting" with guys. I don't understand how anyone can do that...

So I wanted to figure out how to get amazing traffic that just want to buy, just buyers!

Just imagine...1-2 chats daily on kik and first words you read says "How much?" "wow you cute, what is your price???", "WHAT ARE YOU SELLING???". This is what I'm getting now. And I'm to lazy to scale it and there is SO MUCH ROOM TO DO IT.

I rather have 1 buyer a day that I can convert in 10minutes than talk all day long to bunch of people who like to send dicks...

And whats the best part of this? They keep coming back for more!

I trust my buyers so much I send them photos before they even PAY :)

[Image: <https://imgur.com/oWGV2f8>]

And YES, he will pay, because he already did once.

[Image: <https://imgur.com/koRPL2N>]

Yes I made 100€ just today. And another 30€ on the way. And 2 more buyers talking to me right now.

What you need to make this work is pretty simple.

1. Stop target USA buyers, world is bigger than just USA. And stop using known forums that are spammed by everyone.
2. Be from a poor country - You know where all the great porn is made? Czech Republic.....Just an Idea :)
3. Dont target sexting forums. You get dick pics.
4. A pack with couple of selfies and a big big big pack of pics/vids even better. Bigger is BETTER. You have 50000pics + 500vids of same girl? Perfect.
5. A good story for your eWhore:
 - Basic info [name, age, location]
 - What you do[job & study]
 - Why you sell [poor, war, family dead, debt, mafia, brothels, strip bar....]
 - STICK TO ONE STORY

Now I tried different ways to get buyers on my kik

First method was I made accounts on dating sites, sugar daddy sites and so on, just think where

30+year people are (*cough* google+) and I said something like "bla bla bla, cant talk here, need premium, want to get to know me better get my kik on www....com" I setup a selly store made \$0.99 for kik (not kidding, just text file with my kik id in) < Got banned on selly for broken N/A TOS whatever that means >

So whenever someone add me on Kik I already know:

- HE SPEND \$0.99 to get my kik - BUYER
- He is interested in MORE

Second method to gain buyers that works even better than selly...

Classifieds - Personal - Woman seeking Men. Yes, you read this right.

But again don't target USA :) Yes you will not get as many people as on sexting forums, but...no dick pics, no talking, just business. In AD I just tell them something like:"I'm a student and I'm looking for sugar daddy[or i'm selling photos/vids] 30+old. Add on my xxx Kik". Add couple of photos and you are set. [setup time? 1 minute]

Then what to make them come back?

Be friendly to your customers, tell them you new in selling photos but you must because you are poor, you don't have a specific price for your photos and so on. Don't sell ALL your pack at once. Even after they buy 50 pics, keep talking to them. Next day ask them how their day was. Then, sell them 50 pics more :) Next day, just small talk. Then tell them "i made this video..." I think you get where I go with this right?

Most of ebooks (free and paid) that I read about ewhoring were missing this. Just sell and block them, fuck them - then find new customer...bah. I rather play Dota meanwhile I WAIT for new customer to COME TO ME! ?

[Gen1e tip: Your first customer is GOLDEN DUCK! Make him WORK FOR YOU. Ask him if he can help you out, not with money (you talk that on 3-4th day, so he already gave you some money, and you don't want to come across you just want him for money) but with posting some ads on "Women wanting man" in HIS OWN COUNTRY in HIS LANGUAGE on HIS PROFILE because you cannot access site from xyz country you live in. BOOM send him a video/pics because you are grateful. And you really should be. 100% automatic method! ? ?]

So this is pretty much it. ?

You are welcome ?

Nice method. But I'm not understand where to poat my bio with my site's name.

Marv3nnn - March 1, 2018, 7:42 am

so the selly method is not working at all since u got banned?

(Mar 1, 2018 08:42 AM)Marv3nnn Wrote: [\[CITE\]](#) so the selly method is not working at all since u got banned?

Well for me its not working. Maybe you will have better chance. But there are more "stores" like selly (<https://rocketr.net> is one of them) just google and set it up.

Like I said Classifieds ADS works great for me, also people who buy from me are posting ads for me. This is even better than spamming social media, making facebook accounts and so on :)

Again, what works for me, maybe will not work for you. Keep that in mind.

i cant use craigslist, it needs USA phone.

Don't use craigslist. And don't target USA at all.

World is big enough to find that perfect country you can use ?

Other blank line is not important, don't worry about it.

terrahigh - March 3, 2018, 11:05 am

i have opened 2 ewhore threads (selling pics vids as you said) on ClassifiedAds.com , and zero traffic. zero sales. shit is empty.

u said use other classifiedads also. but if USA doesnt work. how the hell others could work.. ClassifiedAds.com is the BIGGEST one. it is the biggest... and doesnt work.

u said use other classifiedads also. but if USA doesnt work. how the hell others could work.. ClassifiedAds.com is the BIGGEST one. it is the biggest... and doesnt work. That's your problem, why target 1million users+??

bring up Google maps, go through europe like spain, italy, portugal, swiz.... make ewhore based on poor country like Belarus. Find local classified like <https://www.milanuncios.com/> (spain) < didn't test it, but you get idea of what I'm doing.

Make good Ad not generic spam like "selling pictures for money, add me kik"

Does that sound like a real person to you?

What I write is something like this: [I find this BIOs on anastasiadate]

Quote:I am looking for a person who would make my heart beat faster, I do believe in love. A person who would love me for who I am. I see him as a strong personality ready to help, to listen, to care for me. A person who can give and receive both love and care. Who keeps his promises. Who is not looking for just an affair. Who is smart and protective. Who can respect me. Understanding. Who is ready to help me out. If you are that kind of person add me to xyz.

Now tell me which would you rather contact? "Selling pictures??" Or a girl who is looking for a man / Long term sugar daddy??

Just edit it a bit to be more of your ewhore character/story.

This is EVERYTHING you need to know. Don't give up, make Ads everyday in different country, use VPN if you need to. Google is your best friend in finding information, use it!

And TEST TEST TEST!

Test what kind of Ad to write,
what kind of story - more realistic better, you can use "i need money for rent/phone" but personally I would think better stuff,
what to say when someone add you,
how to hook him so he will buy every day/week.

All this will come to you, just don't give up. You don't need to be a pro in SE.
I know this looks like a lot of work but it's worth it in long run.

there isnt Personals-women seeking men, in this classifiedsads of spain. where do i open the ad?

also ur thread says i open the ad with that: selling vids pics... so do the method changed now?
Ok I can't do everything for you can I?

Nothing has changed, you need to use some brains.

Quote:.... In AD I just tell them something like:"I'm a student and I'm looking for sugar daddy[or i'm selling photos/vids] 30+old. Add on my xxx Kik". Add couple of photos and you are set.

Sure, I suggest using vpn from that country you are posting ads / profiles

<https://www.markt.de/>
<https://www.romeing.it>
<http://www.donnecercauomo.com>
<http://www.bakeca.it/annunci/incontri-amore/>
<http://search.vivastreet.it/donne-single/it>
<http://www.loveawake.com/>

I could go on and on...Simplest way to find sites to post is just use google translate and translate text to country where you want to test/post.

So you go to google translate and write "italy classifieds women seeking" and BOOM. ?
