Thread: [Deprecated Awards](#)

Omniscient - March 1, 2018, 8:19 am

At the end of March I will be removing 3 purchasable awards.

ZECret
Stratisphere
XEMplary

These are crypto specific awards and I will be removing them from the BuyAwards page. I'm not sure yet but I may end up removing them from acceptable payment options too.

I hope to replace these with awards for crypto donations with Cardano and maybe a couple others I have not yet determined.

So if you wanted any of these awards you have until the end of the month.

Thank you.

Steve - March 1, 2018, 8:30 am

Thanks for the update. Let's see what comes next!

Hoodie+ - March 1, 2018, 8:32 am

And let me guess, replace their names with "shitcoin"?

Renowned - March 1, 2018, 8:37 am

I suppose these will end up like the LR Head? Just rare awards that only people from a certain time in HF could have obtained, that's cool. I'll probably purchase the STRAT one soon as it's one I really like the look of.

NGMA - March 1, 2018, 8:39 am

More soon to be limited time only awards.

Thanks for the update boss!

Elitas - March 1, 2018, 8:48 am

Hmm, so it'll be gone like the DOGE award I guess? I'm not really big into any of them (except Stratis, that's cool I guess).

Cardano will be a cool award, I never really liked it as a crypto, but it will be cool to see around.

Biggy - March 1, 2018, 8:54 am

Good thing I bought all of those already. Can't wait for the new ones to come out!

Confound - March 1, 2018, 9:07 am

Thanks for the notice - I'm sure you know what I'm even more excited to learn about :)

luke - March 1, 2018, 9:12 am

I'm probably gonna get XEM and STRAT awards before they run out. They look nice.

Charger - March 1, 2018, 9:13 am

To be honest, i'm surprised they have remained on HF as long as they did.
Fully support deprecating them.

Sounds about right to me. Glad I'm not holding any of those coins.

Hydraxus - March 1, 2018, 10:53 am

Yes Omniscient, Cardano! I love Cardano!

wraxu - March 1, 2018, 1:53 pm

Ahhh strat. That currency that blew up because of hype and BS.

Sigma - March 1, 2018, 10:44 pm

Drop the price of those until the time is up and I am sure more members will buy them before they are gone.

I had LR head at one point and had it removed sadly. That, rich bitch, asskisser and master donator. Whoops.

Anyway, pretty cool these will become special in their own way.
Can't wait to see what comes after these.

Kill Joy - March 1, 2018, 11:03 pm

Cardano is a solid one to accept and I will not be surprised to see BAT.

Alice Dee - March 1, 2018, 11:14 pm

You removed my youtube award because I unlisted my video. I ended up getting bullied at school because people saw the video..

illuminati? - March 2, 2018, 2:36 am

Cheers for the update omni.
Might have to cop one of them.

ZuGgY - March 2, 2018, 11:02 am

Damn, looks like I won't be getting them. Anyways, thanks for the update.

if you think zcash and xem are shitcoins you need to go do some deep research, fast.

Vitani's Mate - March 2, 2018, 12:39 pm

Well I guess I need to get the remaining awards then.

Anyone willing to help me out? lol

Would like some new awards on profile. Only have bitcoin and cbf downloading stuff and exchanging ect ect. lol

But yeah these awards are easy and awesome, bit sad that they will be gone from purchasing. Get yours while you can.

Blazin - March 2, 2018, 10:46 pm

Thank goodness I got these in the right time. :) Get yours before it is too late.

NurSpec - March 3, 2018, 12:18 am

It will make the awards kinda rare/cool in the future. Bit outdated, good decision imo.

I said that because Omni changed it for some coin that once you write their names they are renamed to Shitcoin, lol.

Looks like Coinpayments has taken their XEM wallet offline for 5 days now and after a support ticket they have said their is no ETA on the return.

Since I was going to remove it anyways in a few weeks I figured I can just do it now.

So the XEMplary award is now gone.

I feel like the awards that are on HF you can no longer get hold a lot more value knowing nobody else can / will ever get it unless you choose to grant them it.

Get the rest before they also disappear.

Those 3 awards are now removed.

minimalist - April 2, 2018, 8:08 am

Sigh...thought I already had the Stratis and NEM award. Turns out I didn't. That's a shame.

DenizZ - April 2, 2018, 10:48 am

I was the first one to get Stratisphere ?

Can't wait for the new awards. I just noticed that I don't have BCH..When the new ones come out, I will definitely buy them.

Taserz - April 2, 2018, 10:52 am

Not all cryptos are created equal.

Omniscient - April 2, 2018, 11:06 am

Lisk, PIVX, QTUM, WAVES are all potential replacements. I plan to add at least 2 of them. They are supported at Coinpayments and they are alt-coins I would support. Crypto assets like Stellar and Cardano are not yet at CP so I can't add them even though they are both top 10 market caps.

Would love to see Lisk and Waves award, not sure about the other two. Maybe you can add a poll and ask from community which 2 they want.

Will you be needing award images for any of these ? ? ?

Are purchasable awards automated (as like the account upgrades) or do we still have to PM for a donation link?

They do look nice. I remember seeing them when they first got added. Hopefully Omni makes them
available soon enough but I'm guessing it probably won't happen until after the sever move.

Omniscient - May 9, 2018, 10:13 am

Sorry, I'm still getting over my bout of Bronchitis. Feeling better though but still not 100%. Today I
have some time to work and hopefully I have the energy too.
