Thread: [DEAL DISPUTES GETTING CRAZY! - SCAMMED \\$15 BITCOIN BY "Chax" UID=2848601](#)

Danktober - March 1, 2018, 12:24 pm

This user contacted me after I posted a thread about buying PS4+ membership with bitcoin. I already know I should have used a middleman, but honestly the scamming here has been getting out of hand.

People are taking off with \$15 now, it's actually happened to me for that amount twice this year.

You know what the craziest part is? These members usually have decent rep and no scam reports on them.

Literally ruin their account, reputation, and everything for 15 fucking bucks.

I'm sure the upgrade costs that much... idk it's getting crazy though.

117 reputation and no reports... crazy.

I would leave him rep but ima have to upgrade later tonight.

Nobody deal with this clown.

Unfortunately, nothing will most likely happen to him except a few neg reps with a DWC. I got scammed by an Ub3r \$648 no scam reports I think partially could be due to me being a regular member and he thought he would get away with it. Which he did please DWC with anyone if you are a reg member or they are extremely trusted. Looks like a legit report though just fix the formatting to conform to the guidelines. GI with the dispute hope you get to hear back I never heard back from my scammer.

If you were interested about the report that [Here](#) it is.

Yeah bro seems this is a casual thing now for such little amounts lmao what the hell

High reps will make you believe them, but don't. His rep is full of Thanks for favors he have done, not deals.

There is also a user negging him for asking for rep, so that's a case to deal with caution.

Anyway, sorry for your loss.

Montius - March 3, 2018, 6:38 pm

Sorry for your loss OP, I'm giving you a membership for PSN on my costs.
