Custom-Made Ewhoring Packs

These packs will dramatically change the way you ewhore.
You've probably noticed it's becoming increasingly hard to convince people you're real.
As such, these packs are custom made with a focus on verification gestures.
Please send me a PM to purchase.

~

Q: How are these packs made?

These packs are made in conjunction with the girls pictured.

Q: Can I get additional photos added to a pack bought here?

Depends on the pack. Please PM with inquiries.

Q: Can I get a new pack made?

Yes. I work with a network of models who are willing to make these packs.
The choice of girl strongly depends on the type/number of photos and your budget.
Please PM with inquiries.

Q: Why are the prices so high?

Prices are kept high to avoid saturating the packs.

Q: Do these packs actually offer an advantage over free packs?

In my opinion yes. I was out of the ewhoring game for quite some time.
Within a week after returning, I made \$1500+. As my methods were not that advanced,
I give much of the credit to the quality of my packs.

These look good, may have to give it a think.

UnknownContent - March 5, 2018, 11:19 am

Why are they so pricey? Am I missing something with them being "premium packs" or?

EDIT: Sory, I didn't read the part about the pricing. I must have skipped that by mistake. Sorry.

Also these are not ordinary packs.

They were custom made specifically for ewhoring - ie. They includes tons of very specific verification gestures.

I'm not very concerned about a hard-cap due to the high prices.

But, in theory, only a handful of each will be sold. ~5ish.

[??? - March 7, 2018, 10:53 pm

Hello -

I significantly dropped the prices for a limited time. Being sold in limited quantities as well, so send me a PM or.post with interest.

Metallic Silver - March 7, 2018, 10:59 pm

These packs look pretty decent, I like the many verifications it must have taken a while to fulfill all so I can respect that on you and your girls.

Hope you make some sales OP

? can review if you'd like to offer me a vouch copy.I've been in the game for like 1,5 year now and consider myself a proffesional ewhorer.

I know the term "proffesional ewhorer" sounds rediculous but I dont know how else can I describe it

Just a second, how can this pack be used for ewhoring when you cannot offer nothing to the costumer after you verify???

This packs besides tons of ONLY verification pic dont have nothing lol.

If you ewhore just to scam after verification then ok, otherwise i cannot see how you can use them.

In my opinion, there's plenty to offer after verifying. I have never run into a lack of content problem.

Though, for future packs, I'll make sure to include more nudes, etc. Thanks for the feedback.

I can make money without verification picks easily if the pack has a lot of l9ng videos and nude pics. The verification has never been important in ewhoring, but if you aim for the newbies who doesnt know shit about ewhoring then you can sell this packs otherwise those packs are useless and those prices LOL who give you even the ides for this???

Greetings OP,

I have had my eyes on for custom packs for higher conversions in the future.

I will definitely invest once I have more funds to play with. But these 2 custom packs looks really good.

Definitely getting them in the future. May I drop you a PM? (I have a few additional questions)

Not sure why you have a strange vendetta against me, but you need to calm down lol.

And I am a very frequent ewhore-er and make plenty of money from it. Without a doubt there are many different styles to ewhoring. I personally have found verification photos to be very useful and have helped to bring my conversion rates up super high. Additionally, I am able to make plenty of money without sending hundreds of nudes so I've never really needed that many nude photos in a pack to be profitable. But this is me. Happy to mentor any newbies if they're interested in the packs as well.

Might be making some new packs soon - I'll be sure to include plenty of nudes just for you mate.

I vouch for him and these packs are very HQ and you will make your money back very quickly
