Thread: [\[UPDATED\]For all My New Collection of 0 Day's\[UPDATED\]](#)

Malazhar - March 6, 2018, 5:30 pm

Hello HF members

im new here and i wanted to share some of my work with you
im old school but i hope i can help some of you with my posts and upcoming articles
i hope if you like my post you leave feedback

All this have been reported before i publish it but without any respond

This is all Private Scripts are vulnerable to SQL Injection

#####

Title : Designe-Master Private Script suffer from SQL Injection
Author : Malazhar
email : sed.mod@outlook.com
Tested on: windows 8.1 / Ubuntu 14.04
Vendor : besafe-sec . com
Dork : "Designed by : Design-Master" php?id=

SQL injection :

[+] Dorking In Google Or Other Search Engine

Example :

examplesite . com /our-team-details.php?id=17 SQL injection here

#####

Title : alfine it solutions Private Script suffer from SQL Injection
Author : Malazhar
email : sed.mod@outlook.com
Tested on : windows 8.1 / Ubuntu 14.04
Vendor : besafe-sec . com
Dork : "powered by alfine it solutions" php?id= & "powered by alfine it solutions" aspx?="

SQL

[+] Dorking In Google Or Other Search Engine

Example :

examplesite . com /More_Activities.php?id=5 SQL injection here
