WWII digital deluxe - Master Prestige 177, 2.4 kd, etc all weapons and camos and such unlocked, season pass, campaign completed, zombies level 1000
Destiny Digital Edition: all weapons unlocked lvl 20
Borderlands presequel
borderlands 2
R6 - ranked 56, season 2 season pass
Battlefield 1 - All unlocked, season pass, with packages to unlock all weapons (special camos and such included)
Black Ops 3 - season pass, all weapons unlocked. Most dlc weapons as well
Watchdogs
Watchdogs 2
etc

What would you appraise this for? No warns or not. This is my main account among other purchases.

Can i get an estimate please?

Based on the game and the value fo the content that you have on the account. I would say the account it self is worth \$80-\$100.

If there are anymore content on the account that has any type of value, make sure you add them on the listing during your auction of the account.

I could see this for going around \$100.
