Thread: [Selling eWhoring kik account \(made me 100 in 2-3 days LITTLE work\)](#)

Da Nigga Nina Wida Nina - March 8, 2018, 4:54 am

So i started ewhoring a few days ago, manged to get over 100£ in past 2-3 days without really tryin, i dont have the time in my days to keep doing it and you gotta be consistent to earn with ewhoring which ive found out lol. Never really knew alot about it till a close friend told me about it a few weeks back and how he made alot doing what i am now doing. I use pics from a girl i know personally and has allowed me access to her pictures (i only have 10 pics and earned over 100£) im giving the kik account for this away leme know your price listening to anything as wont have the time to keep doing this (takes hours outta your day).

Pic proof of earnings from last night to now :) <https://imgur.com/a/yOARo>

As i said if you wana buy the kik account pm or skype @ratshf if you wanna know more info hmu, you WILL get at least 20+ adds a day from pedos/teens on this kik account guaranteed if not i will offer money back.

20 adds a day? Don't think so.

I have a kik account that gets 300 quality adds a day and I still don't think it's sellable.

Plus, all chats dissapear after changing phone.

Could get way more then 20 adds if i sat ther for hours a day and posted on a certain website i know of with pics of this girl and in caption my kik name, how can you know i wouldnt? Lol sound like a idiot to me tbh and i fail to see your point about chats disappearing when as u just said more then 20 adds a day will be on your phone... nice trash post tho

Wouldn't accept it even if you gave it away, your account has no value and is simply any kik account that anyone can make.

My kik gets these 300 daily and on autopilot.

Not really any account that anyone can make tho isit? Not everyones kik gets adds every hour, quit sales trashin kid and quit advertising your 300 daily kik account on my post thanks
