First of all, seller is very friendly. One of the accounts I got had the Battle Pass, some legendary, epic etc. skins, 100+ vbucks and tier 39 in the battle pass.

Definetly worth the \$2.

Yeah, you can link your PS4 and I'm 99% sure there's a way to transfer the vbucks. I don't remember the exact way to do it though. I'll find out and let y'all know.
