THTC - March 9, 2018, 10:27 am

Hey guys, I just bought a PS4!!

I already have Horizon: Zero Dawn and Fortnite.

Also got 25 euro's playstation store money.

Can I get anything good for that price?

Is Minecraft on PS4 good?

GTA V is a pretty good game and still holds up well. If you like shooters, you could try Overwatch, unless you already have it on PC, then no point getting it on the PS4.

Destiny 2 is also pretty good, but it's an MMO, so it's gonna be rather grindy.

Igniter - March 11, 2018, 9:15 pm

If you like rpgs i would recommend the witcher 3

Popstar - March 11, 2018, 9:18 pm

surprised nobody has mentioned Fortnite. It's free and probably the most popular multiplayer game out right now. Bloodborne is free for download this month if you have PSN Plus too.

Vitani's Mate - March 12, 2018, 5:32 am

Uncharted games

Last of Us Remastered

Bioshock games

Farcy games.

Detroit Become Human

God Of War

Dishonored games

Days Gone
Fallout 4
Until Dawn
Assassin's Creed games
LA Noire
Just Cause 3
Heavy Rain
Beyond Two Souls

Just to name a few.
There is SOOOO much PS4 exclusives. :D

Rain174 - March 14, 2018, 2:04 am

Well the few exclusives that haven't been mentioned and might be worth mentioning are: Gran Turismo Sport (racing), The Last Guardian (action-adventure), Gundam Versus (if you're unfamiliar with the game series though you may want to steer clear of it), Nioh (like Dark Souls, but you're a samurai killing people + demons. Worth mentioning it is on PC), Crash Bandicoot trilogy (remastered, old game but still amazing), Gravity Rush 1 + 2, and several rpgs/jrpgs like Star Ocean and Persona 5

luk3st - March 14, 2018, 1:55 pm

battlefield 1 and if you have the money the vr kit is good extra imo

Anima - March 14, 2018, 1:57 pm

mfOrion - March 20, 2018, 4:07 am

Fallout 4 is one of favorites.
If you like racing games, try GT sport.

SlimDaddy7 - March 28, 2018, 4:07 pm

Minecreaft is good on ps4 yes. If your friends have games. Game share with them! Its easy, also grab fortnite its free

icecoldwater - March 29, 2018, 1:04 pm

Download fortnite if u havent already.

Lokii - March 29, 2018, 3:42 pm

Bloodborne is a good exclusive, Diablo 3 Reaper of Souls is also really fun on a controller. Nier: Automata is pretty neat. Final Fantasy 12 remaster was a good time.
Warframe and Smite are cool if you're into free to play stuff. Totally depends on your tastes though.
Not everyone's a fan of grindy rpg's ?

Olympus - March 30, 2018, 5:57 am

bulldogsnake - April 1, 2018, 1:40 pm

Uncharted Series, The Last Of Us, FarCry 5, GTA V, Grand Turismo, A Way Out, Tomb Raider 20 years. Call of Duty Series, Battle Field, Hitman, Fortnite

JuStBenZiN - April 13, 2018, 1:45 am

Mortal combat probably other similar games. I don't really like fps games on consoles but you can try COD, Battlefield and others.

Resil187 - May 1, 2018, 8:29 pm

Keep an eye out for the ps plus monthly games, sometimes decent games make it to the list.

d0min4tor - May 5, 2018, 2:20 pm
