Anyone managed to get a pair? Got a 7.5 for me ;). So far only one pair, need to get more for that sweet resale money.

Pre-eminent - March 10, 2018, 8:18 am

Didn't even realise there was a Yeezy release, what colourway did you cop?

Renowned - March 10, 2018, 8:20 am

Man why are people so nutty over these lol? They're not even that nice lol.

I'm more of a converse rocking basic bitch, but I do have a pair of beluga 2.0 just cause I can rock with them with anything. Had a good inventory of yeezys I was slowly selling off.

I mainly just wear some form of high tops/wide skate shoes. I cba with all these fads lol.

Haseo™ - March 10, 2018, 8:34 am

I wear skate shoes because I skate and I don't want to pay expensive prices for shoes to have my grip tape just kill the shoe.

SIM-1349466 - March 10, 2018, 8:47 am

Another lame kanye release. How does one even match these shoes with their outfit?

I can't stand them either. Then again, the whole 'hypebeast' mentality on the whole isn't too prevalent in Australia, so maybe that's why.

Thankfully not too bad in the UK either, phew. Imagine wearing them back when we were kids, lololol.

Xerotic - March 10, 2018, 8:54 am

I've always wanted a pair of Yeezys but I haven't gotten one yet. It's tough paying the price for them sometimes.

Even the whole Gucci fad and stuff aren't big in Australia. Honestly I don't see how people find any of this shit fashionable whatsoever.

I like some of the Yeezy shoes. Not all of them. Not enough to pay the price for them either. They are just decent shoes that I would wear, just too expensive because of hype. They aren't AWFUL. Just expensive and hyped.

Let me get the Riyu username and I'll buy you a pair.

Man Gucci fad is just people showing how rich their parents are.. Or how much they earn by getting old men to jack off to women and pay for more.

Are they well made at least?

Now there's also those Big Baller Brand shoes that are clearly trying to set themselves up as the next Yeezys.

No clue. I've never had a pair. I'm also not the type to stress over the weather and if I should wear a certain shoe because it might get scruffy. That's part of not paying a ton for shoes.

These make me laugh the most, who tf wants these? LOL

That's it man.. Most I've paid for a pair of trainers is like £80? It's just not worth any more to me at all. Plus, they're certainly not going on my wall lol.

Super Trapper - March 10, 2018, 9:21 am

I was able to pick up a size 8 from YeezySupply and a size 10.5 from Adidas to resell of course. They are not as bad as the Blush's I pre-ordered, but I still wouldn't wear them. The Dashe bot cooked most of the YeezySupply stock while Splashforce took a fat L on Adidas which is hilarious.

Ninja - March 10, 2018, 11:20 am

Shoes look really nice but I won't be getting them anytime soon.

Design wise no, resale value very nice.

JoshAllen - March 11, 2018, 9:52 pm

I know so many people that copped multiples of these but it was a pretty limited release of 40k pairs in total ish.

That really isn't that high of a release number. So I guess I can see why they are so expensive.

ven0m - March 11, 2018, 9:59 pm

Each to their own choices. Personally, I never fancied them. Good for you, mate!

Omniscient - March 11, 2018, 10:00 pm

I much prefer my Crocs.

Damn, for Crocs those are some really fancy looking ones mate. Are they at least comfy? Never worn a pair myself.

SIM-2875347 - March 12, 2018, 10:40 am

I don't love yeezys tbh, colors look dope but the shoe itself doesn't look all that great.

Only reason I'd ever pay over \$120 for a shoes if I need something nice, or to re-sell lmao
