Thread: [Ice Poseidon has breakdown on live stream after getting swatted again](#)

flavoral - March 14, 2018, 2:26 am

So after another swatting "prank" on the known live streamer Ice Poseidon, he had a breakdown and reacted to his whole situation of getting swatted many times.

[Video: <https://www.youtube.com/watch?v=oG7C6L2o1g0>]

What's your thoughts on Ice's video and the whole shithole of kids swatting people left and right as if it was a simple joke?

And here's a video made by someone collecting most previous swatting attempts on Ice with a voice over of his breakdown reaction on swatting.

Lol Ice is pretty chill. They should go do it to Ninja the damn crackhead rofl.

Chief Turbo - March 14, 2018, 2:33 am

Holy shit i've been watching Ice for a long time and i missed that swat

test - March 14, 2018, 2:35 am

Keep going and giving the swatters more attention by mentally breaking down on stream. I mean as much as Ice has a right to keep streaming he should really just stop. He's going to get fucking killed one of these days.

Nebo - March 14, 2018, 2:37 am

Never really liked Ice Poseidon, he always seemed like a complete degenerate to me, he does so many stupid things and always suffers and there's no one to blame other than himself for most of it, honestly.

Shorta - March 14, 2018, 2:42 am

Ice has a fetish for this, it's obvious, he would have learned by long before now.

Ninja - March 14, 2018, 2:43 am

It's so fucking lame how these pieces of shit want to swat for fun just to see it happen on a livestream. It puts the victim's life at danger. For what reason? Because they hate them? I hope they get caught. But I don't know if this video was a good idea as it might encourage those cunts to keep doing it.

I'm pretty sure they don't even hate him. Ice has talked to the first guy that was doing it I'm pretty sure.

I think swatters should be swatted. Although in this case the cops should make a mistake and unload an entire mag in their obese body.

630 - March 14, 2018, 2:50 am

Not a fan of Ice but it's pretty fucking shitty that it's being down. Whether it's a park or pure hatred let the man be. I knew it has happened once or twice but there's like 7 different clips in the other video. Real shit can happen and it's a piss away of resources. Just overall fucking shitty that people want to fuck with his livelihood like that and risk his life.

i totally agree, also knowing that there has been multiple "prank" swatting made by some retards which didn't end up well...

Crystallize. - March 14, 2018, 4:14 am

I don't understand the cops lol mike you go into one place 20x and you realize its a fake alert you let it go and try to catch the guy who is swatting.

Exactly what I was thinking. I'm not saying that they should ever ignore the 911 call but after the first swat, they should be looking for the people that do it. And they should all be aware of his address by now and shouldn't go in with such a force.

Until the day that the call becomes real and they're unprepared.

Yeah I'm starting to think it's staged.

I don't wanna sound rude but how they can be so retarded like raiding someone 100 times with aggressive force even when knowing someone else is swatting. I don't know about other countries but here you get swatted twice and they find out it's fake they will never come again with aggressive force instead they'll just send 2 police officers to calmly visit you and ask couple of questions sometimes they will just call out to see if everything's okay.

Lol no come on now...

What are the chances that could happen?

yeah exactly. Do you think they'll risk telling the public 'we thought it was a livestream/fake call'?

+Cloud - March 14, 2018, 5:50 am

lol ice is pretty funny was there for the birth of asian andy

Theocritus - March 14, 2018, 5:57 am

what even is swatting? ah wut

spradebassen - March 14, 2018, 6:05 am

I'm not saying that he is doing this to himself, but he is milking the situation for spreading his channel around the Internet

But who wouldn't?

8VIII - March 14, 2018, 6:07 am

ah, i feel bad for him.

he is a good streamer, he shouldn't be treated like that

You don't know what a SWAT team is? Even from video games? Holy shit I'm lost for words

It's when people make a fake call to the police usually against another gamer or streamer and basically say some hardcore shit is going on by their address. Then they bust into their home armed with guns all for nothing.

I don't know this video just made me think ice is a cry baby. "nobody gets me nobody understands" well except the hundreds of other streamers that it happens too, so I don't know if crying as a 25-30+ year old man in front of a group of kids that watch you is really a good idea. Also you don't want this to happen to you don't film every single place you walk to. Also crying on camera and getting butt hurt about it is just going to make people laugh find it funny and want to be a part of it and then you have more people trying to harass you because you gave in and go super emotional. I don't agree with swatting but damn never heard anybody cry about it.

As for your statement for this to happen to Ninja I agree that would be entertaining, I'd watch.

ORK24 - March 14, 2018, 7:45 am

Not really a fan of Ice but I just feel bad for the guy, he's getting swatted so often

CYB3RM4N - March 14, 2018, 7:47 am

I don't think it's funny sending fully armed officers to someone's house as a "prank". It's really traumatising which could result in said person getting injured or killed.

unfortunately, people already been killed because of this shit...

juulstar - March 14, 2018, 5:39 pm

Swatting is stupid as fuck and the government needs to make whitelists and blacklists of houses. Obviously there would have to be background checks so that pedos don't get whitelisted ect.

People act like big men on the internet after they make a fake threat call on a payphone. It's not hacking, it's not hard, it's stupid.

his mommy doesnt let him play GTA

TacticalChicano - March 15, 2018, 2:35 am

I really feel bad for him he shouldnt be going through this shit, and the officers that tell him its his fault obviously dont know the streaming world. Ice does this because believe it or not while the money is good it brings people together and gives them some kind of outlet for their problems. I hope people like that would stop and move on, swatting isnt even surprising anymore its just pathetic old joke.
