Thread: [Anime Adventures Memes Thread \[Weeboo Edition\]](#)

Aura - March 15, 2018, 12:10 pm

Surprised to see that we don't have an official Anime/Manga memes thread, considering how much shitposting there is in that section. But fear not, Aura-senpai is here to save the day and bring a little bit of joy in your lonely hearts.

Starting off with Madhouse in a nutshell.

We did have a thread I made a long time ago and that someone else made where we used subtitles for conversations, so that's the closest thing I can think of for that.

But for the lols:

Shinoa was one of the best things about that anime. I really hope there'll be a continuation some time in the future.
