Thread: [Trappy \[UID= 3323516\] Discord compromised | Don't deal](#)

Meow - March 15, 2018, 8:59 pm

I just received message from Trappy saying that his discord account got compromised. Don't deal with him over discord (or whatever).

His discord was:
Trappy#2584

If caught a member cough reports this image, as he did others, here is backup:

Also, my account got disabled a few weeks ago but since I was banned I thought it wasn't important.

I know discord discussion is not allowed (any kind!) but I had to warn other members since Trappy has 2-3 products here on HF I felt obligated to warn the community. You never know what could happen. ?

Thanks, xoxo

Do neither of you use 2fa on there?

Also, I'd recommend removing the actual id from the post.

I used 2FA, I think someone reported my account and it got disabled. I sent them DM on twitter & 2-3 emails but I have yet to receive any reply. At this point I don't even care since I used discord mostly for HF related things but since Discord got banned I was only using it to support my customers.

As for Trappy, I just asked him and he said he didn't use 2FA on his account.

Aw, poor Trappy. Hope he gets his account back as soon as possible. How did he get it compromised? SE? Keylogged?

Thanks for alerting us.

I have no idea, he just told me his account got compromised. Could be a lot of things since he didn't have 2FA on his account. ?

Very unfortunate, hopefully no one is going to get scammed.

I found it really weird when he asked me to exchange \$250, I can't imagine him with more then \$20.
