Free GFX Signatures by Heresy Free For All Members! (Upgraded Members get first priority)
Nothing spectacular, I have just decided that i wanted to help out anyone who may want a free signature while i try to better my GFX skills. I'm open to any requests, post here if you need anything. Just make sure you include what you want, how you want it, themes, colors etc. I can attempt to do animations, but I'm not the best at it.

Here is an example signature: Spoiler [\(Click to View\)](#)
