I love the Avenger movies, having everyone in one epic movie could be amazing. Hopefully, everything is executed correctly, and we get an excellent movie.

I love all the avengers movies & it's awesome to see guardians of the galaxy in this one too. Thanks for posting this op.

Looks like Captain America or Iron Man will die in this.

Thanos sucks..I was just reading an article about how marvel ruined a super villain with cgi.

Is there anything worse than steppenwolf?

(superman's cgi mustache treatment doesnt count)

Same here ?

OML so hyped for this movie. However, I feel like this movie has a large chance for failure. There are so many amazing characters to keep track of at once that it needs it to be executed perfectly.

Captain America looks frickin sweet in this movie

It's divided in 2-3 parts if not wrong.

I'm sure they will take care of all the characters.

Sadly Captain will die in this movie.

#RIP ?
