Thread: [\[H\] \\$185 OPSkins Balance \[W\] 95% BTC](#)

**R u s t y** - March 19, 2018, 12:15 am

i have exactly \$185.17 balance in OPSkins, looking for someone to clear out this balance for BTC.

i won't go first, but we can MM at your expense.

is it a hacked account? or your main legit account?

why don't you buy keys with them and then sell the keys directly for btc using keys=>btc bots?

That's a horrible way, might aswell do actual withdraw instead

i lately saw too many hacked bitskins and opskins accounts being sold on some forums, and all the  
people who bought them got the account locked.
