Thread: [\[FREE SERVICE\] iCookie's service to GFX \[/FREE SERVICE\]](#)

iCookie - August 1, 2010, 5:54 am

LOOK!

This thread is closed because I've opened another thread in different section which is a better thread.

The thread can be found in this link: <https://hackforums.net/showthread.php?tid=621148>

Hello everyone.

I have come to a point where I decided that I should make this thread to make signatures for people who needs them.

This way, I'll improve my GIMP's skills and hopefully move onto Photoshop eventually.

Alright let us get to the real thing guys :D.

~Rules

~Must use the form to ask me what kind of signature you want otherwise I'll not make one for you.

My examples of work.

Spoiler [\(Click to View\)](#)[Signatures made by iCookie <3](#)

On a side note: I'm still new at this but people said that my work of signatures and stuff are really good so that's why I decided to make this free service for everyone who needs signatures <3.

@Ankith Fadia

I've updated the thread with better details on signature request.

So it's easier for me to understand your request. >.<.

@X-b0y.

Here you go:

[IMG]http://i31.[censored].com/5bpbbq.jpg[/IMG]

and

[IMG]http://i32.[censored].com/15dnpl1.jpg[/IMG]

You said in your size: 400x400 which is in the first picture. I thought that was too big for a signature. So I made the second picture in 400x150 in case for you (:

I hope this is what you wanted. If not then feel free to pm or post on here to ask me to re-do the signatures with more details then.

Otherwise enjoy them.

Anyone else wants their signatures get made?

I'm more than happy to do so.

iCookie - August 2, 2010, 6:49 am

Just a small bump to get this thread going (:

Anyone who wants free signatures then don't be scared to post on this thread ^_^.

I don't bite ;3

I know it's quite shit but I'm not in great mood D:

I'll have to move onto photoshop to get some work done.

@SHADOWmods

What?

I don't understand what you're trying to explain to me.

I think it's pretty hard since it would take a while to make that kind of signature.

Braco Asshole - *August 18, 2010, 4:43 am*

He made my signature and avatar. Vouch for him.

iCookie - *August 18, 2010, 4:45 am*
