What the hell no way! Alright fine, one shot, one opportunity.

Pick a number from 1-5. But first, here's a hint. I asked Danny Khalifa the same question, his real answer was 1. I asked the user above you the same question, and he got it right. Figure it out before you guess, it's kinda easy

I forgot to say, if you get the number right, you get the award.

The fact that you invested a good amount in BTC back in 2009 should be enough to earn you the Award here. ?
