Thread: [> \[FREE MONEY MAKING MENTORING\] \[HOW TO MAKE MONEY ONLINE\] <](#)

Meow - March 23, 2018, 2:38 pm

I decided to offer this for free because I wanted to give back to community & I want to help others achieve somewhat of financial success.

Obviously you won't be making \$10,000/month but I'd be extremely happy if every one of you who decide to join this make \$100 in your first week.

I thought about this for a bit and decided to lay it out like this:

You will tell me a bit about yourself, how old are you, how much money are you making, your skills, what college/school do you go to, etc. Just so I could get an idea of what kind of person you are & what skills do you have.

After that we can talk a bit and I can give you an advice or two on how you can monetize your skills, how you can advertise yourself and so on. This will be 100% free forever. I don't plan to take any money for this service.

If I see overwhelming demand for this I can create a skype/telegram/whatsapp group or something like that, so we can talk all together and perhaps everyone could benefit from it.

Now obviously, I can't help you 24/7 and spoon feed you but I will do my best to reply to everyone & help everyone out, as much as I can.

I'm by no means some kind of money making Tai Lopez guru nor do I claim to be one, I make reasonable amount of money online (as my "full time job", while I go to school) and I think I'm capable of teaching a few people some things here and there.

If you're interested in this training, kindly fill out this google form and we'll be in touch. It should take you no more than 2 minutes.

Full priority is still on the customers that have bought something with a 24/7 support, right?

That shouldn't even be questioned, I'm doing this on the side to help others but my customers will always be my priority, whichever package they purchased.

No problem. I'm still trying to figure out how to make this happen but I will email everyone once I get everything ready.

I don't want to make any false promises but I also don't want to make this LQ, sorry.

Meow - March 26, 2018, 11:07 am

I think I figured how to "help" everyone at once, will mass email everyone shortly.
