works returns with our fourth Freebie Friday. Note that these assets are not created by works, and thus you should always adhere to the original creators' terms of use. We will never knowingly leak private or paid content for free; our offerings are simply high-quality, free resources.

This week we're sharing another font pack with you. This one contains 14 fonts - cartoony, techno, and basic ones.

Cartoony - Fonts that you can potentially use for cartoony graphics, but also for anything cartoon and comic related.

Techno - Fonts that are generally used in e-sports. Square-ish and sci-fi looking fonts.

Basic - Both serif and sans serif fonts, perfect for thread layouts and overall clean designs.

Please request what you want works to share next week: would you like gradients? Fonts? Brushes? works will share whatever you feel would help you improve the most.
