I have been false neg rep tried reporting it, tried talking to the person who neg repped me and for some reason they think I bought there ebook and leaked it. What should I do?

FamousHater - March 24, 2018, 2:03 pm

you should pray you can turn back the clock 2 mins so this thread never existed

Just checked and it doesn't seem to violate any rules

just brush it off and don't let it get the best of you. After all this is a forum at the end of the day, not a number contest

Alternatively,

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

but I didn't even buy anything form him nor interact with him, I wouldnt complain if its because I did something dumb but I legit did nothing.

Biggy - March 24, 2018, 2:07 pm

Sorry buddy, but that's not really considered a "false rep". Something that would be considered

reputation abuse would be, for example, if he called you a scammer.

The reputation won't mean that much. Just ignore it and move on, as you gain more reputation I'm sure users will trust you.

The rep won't be removed but don't let that be a reason to leave. You'll be okay.

Life isn't always fair.

People can be dicks.

Read the [Help Docs](#) and the outlines of what is considered reputation abuse.

There is no such thing bud.

UpTheCrust - March 24, 2018, 2:22 pm

As long as he didn't call you a scammer without a linked DD it is a valid rep. It sucks if it wasn't earned but you just have to move on with your life
