Thread: [Does anyone else HATE Logic & G-EAZY](#)

Hunion - March 27, 2018, 10:10 am

I freaking love rap.

I HATE Logic and G-EAZY. They sound exactly the same, they say nothing cool in their raps, and they remind me of RIFF RAFF, who when was in my hometown, messaged my girl on twitter (and basically every other attractive girl in the city, she was with me the whole night so no thank you to trolls who will jump on this).

I wish they'd both stop rapping but white bitches in college is gonna keep them both fueled for ever. Anyone else feel the same?

I love rappers like

Young Dolph

T-Grizzley

Kodak Blac

Cardi B

Key Glock

\$uicideboy\$

Ramirez

Mikey the Magician

Shakewell

Germ

I like most the rappers you named, I hate G eazy. I used to like Logic but nowadays.. ehh.. Idk some of his old songs were good but now he's just the white kendrick lamar and g eazy is just really cheesy and cringey

KK123 - March 27, 2018, 10:13 am

Went to their summertour concert and saw them both, pretty good.

Amityville - March 27, 2018, 10:21 am

I didn't really like any of the messages on Logic's Everybody album. This whole gay pride being shoved down my throat and letting everyone know he's biracial every 5 seconds. There a few songs on Bobby Tarantino 2 that I like. Don't like any songs with 2 Chains or Wiz Khalifa. Never heard of most of the rappers you named. I hate G Eazy he's wack. Only like real edgy rap type shit. More of a fan of lyrics and how well written they are. Like Eminem, Royce Da 5'9, Jedi Mind Tricks, Vinnie Paz, Hopsin, and Big Sean.

?ndrew - March 27, 2018, 10:21 am

did you guys know that logic is biracial?

Amityville - March 27, 2018, 10:23 am

I forgot to add I was a huge fan of logics mixtape shit. I knew him before he became mainstream. His last amazing album was The Incredible True Story. Anything after that I really don't care for. His

mixtapes are way better considering they aren't shoving gay pride down my throat and equality BS.

Cammy - March 27, 2018, 10:23 am

Imo all the rappers you listed sound the same as well Imfao

Yeah I forgot to add that as well. Cardi B? Lmaoooo surprised Sixty9ine wasn't mentioned

Riot - March 27, 2018, 10:25 am

I don't care for logic, only listened to like one of his songs. Never even heard of g-eazy.

PrepareU - March 27, 2018, 10:26 am

When you like rappers like Cardi&Kodak but hate Logic and Geazy. LOL

REEEEERRRE - March 27, 2018, 10:28 am

They don't sound the same at all, different flows. However, I don't care for either of them.

FamousHater - March 27, 2018, 10:29 am

nope

they great:P

the rappers u listed are worse

REEEEERRRE - March 27, 2018, 10:31 am

Okay yeah, the rappers you named are really bad. Because of the list you gave us, I'm going to assume that u r one of those guys who listens to soundcloud artists and then says he hates mainstream music. Correct me if I'm wrong

Chief Turbo - March 27, 2018, 10:33 am

I've never liked them or their songs really...

kad - March 27, 2018, 10:34 am

Geazy meh, although Logic is good, but it's opinions tbh.

qAzrael - March 27, 2018, 10:36 am

Not really, I liked some of Logic's old songs but now I don't rate them.

Glad you feel the same way

Mr Meeseeks - March 27, 2018, 10:56 am

I mean, Logic doesn't shut up about being biracial.

I was a big user of SoundCloud, until I noticed that a lot of stuff wasn't on SoundCloud, or the \$5 package wouldn't let you listen to all music.
I hate mainstream.

Thanks

Young dolph and Key Glock are cousins, and do not sound the same at all.

How could you compare

Kodak to like .. anyone? He's very original

DrDoof - March 27, 2018, 10:59 am

Yes, rap is trash. Unbelievable how popular it is.

This is about where I stopped reading

On a serious note though, all mainstream rappers have a vibe to them that isn't the greatest to listen to. Some of old G-Eazy/Logic is fine but their new stuff is trash (Especially logics new album lmao)

Headless - March 27, 2018, 12:00 pm

Logic, I like him not my favorite I don't like his new shit but his older stuff is pretty dope.
