Thread: [OSRS Account - Almost 2k Total - 700m Bank - 251 QP](#)

**Valentino.** - *March 30, 2018, 3:00 am*

Hello all HF members, I'm looking for bids on my almost 2k total level account. This has been my account since creation, no one has ever touched it and I have never attempted to sell it. I have recovery emails, original emails, old passwords, address changes. Membership was paid for using a prepaid card which I can also provide the information of. Has no bank PIN, and never has had one. Can give almost everything you'd ever need to ensure the account stays yours.

Why? :- As some people may already know, I've completely lost interest in playing this game, I've moved on to PUBG and CSGO. I hadn't logged into my account for so long, it was just lying around so I thought why not get some money off it.

What this account has:

Extremely neat bank worth 1b +

Almost maxed PvM gear.

All Elite Void pieces.

All God Books Completed.

2 Fire Capes & Imbued God Capes.

Imbued Berserker/Seers/Archers/Suffering Rings.

Quest Point Cape/Hitpoints Cape/Strength Cape.

Crystal Halberd and Shield Imbued.

All Hard Diaries completed.

Pyromancer/Prospector/Rogues/Lumberjack Set.

Heron/Skotos Pets. - 94 Slayer

Every Clue Stash and Clue item in bank or completed.

Bank Pictures (Can provide more) :

Spoiler ([Click to View](#))

Not providing pictures of the stats, if you're interested pm me and we can discuss.

Notables : 94 Slayer/99 Str/80 Cons/80 Farming/80 Prayer. Almost all stats base 80.

Once again, I can provide screenshots of anything and everything, just pm me, don't want to risk this account, put too much work in it.

Somewhat OG name.

T.O.S:

- Not going first under any circumstances, too much gp on the account.
- Not selling the GP separately, most of it is made up for in items that make up for the neatness in the bank.
- Can refuse to deal with anyone and anyone.
- If you contact me on discord, confirm that you're speaking to me here.

C/O: 550\$ Onsite

B/O: 1000\$

Why not sell the gold? Then sell the acc, overall nice account!

Most of the gold is in supplies and adds to the neatness of the bank, any legitimate buyer wouldn't want to buy such an account with a completely cluttered bank, its completely for the ease of mind of the buyers tbh.

I Misunderstood I thought the account held that amount in gold rather then the inventory price accumulating that gold. Goodluck selling ?

Seems like a pretty nice account. I wouldn't be interested in it but GLWS! Hopefully you find someone.

You would be better off selling the RSGP and the account separately. More people will be able to afford it.

Good luck with sales though bro.
