Thread: [What did Omni do on Aprils fool?](#)

Uploader.sx - April 1, 2018, 3:05 am

Did he do something?

I couldn't log in this morning.

If not, what ideas you got?

This. I don't even want to think about this.

test - April 1, 2018, 3:12 am

Nothing yet. It's like 3am where he lives isn't it? He still has all day to push something if he even made something for April Fools.

Views - April 1, 2018, 3:23 am

I'm pretty sure if he does anything for April's Fools it'll be whenever he gets on Hack Forums tomorrow since the day has barely started where he's at.

April 1st has only taught me one thing, it's to never take staff/admins/ and owners seriously on this one day only.

Mr Meeseeks - April 1, 2018, 8:16 am

I'm sensing that something is coming up, I just know that it hasn't happened yet.

yrnGarry - April 1, 2018, 8:18 am

Something will come. Happy Easter.

Views - April 1, 2018, 12:03 pm

I still haven't seen anything yet this year so maybe Adam's script will be the only easter HF joke, hopefully Omniscient comes in clutch with something though.

Silent Uprising - April 1, 2018, 12:19 pm

I know what he did! OMG, I just put 2 and 2 together.

Mr. Robot made a thread last night that he is shat himself and he found a bug in the site. Mr. Robot was banned by omni for finding an exploit...Give it some time before a "DB Leak" is announced but

it's all a joke. Dangggggg almost didn't realize it. Haa good one!

I'm gonna feel really stupid if that wasn't the april fools joke. But if it is, you heard it from me first!

Jesse Pinkman - April 1, 2018, 12:24 pm

I remember when he repfucked everyone and I about shit a brick.

Apocryphon - April 1, 2018, 12:44 pm

Maybe April's fool is not becoming a thing anymore. Certainly I don't like much of them jokes.

Conor McGregor™ - April 1, 2018, 12:45 pm

All I want is to not get that Pornhub scare that went out a year or two ago.

They sent a message saying something like: "We are so glad you have enjoyed your PornHub account and want to share your favorite videos with the people you love!"

I nearly shat myself.

test - April 1, 2018, 7:18 pm

I don't think he did anything. At least nothing that I have seen.

Cornhub was my favourite.

Mr. Robot - April 1, 2018, 7:54 pm

It has already started and will continue through the full day.

Vyxn - April 1, 2018, 8:43 pm

Stuni - April 1, 2018, 8:52 pm
