Thread: [REALLY creepy and disturbing children's drawings](#)

PurlieuServices - April 1, 2018, 6:41 am

Some of these are really hard to believe that kids drew them.

Cub™ - April 1, 2018, 6:44 am

Wow, "Breaking out of my tomb." Where do kids even come up with this shit at?

Zexi - April 1, 2018, 6:46 am

Nothing surprises me considering the recent number of school shoot-ups.

??????? - April 1, 2018, 7:50 am

Well.. its pretty obvious..

Most children have a rich fantasy...

Then see things different than we do, and hear everything..

They combine the 2 in their own imagination.

I have a five year old, who comes up with the craziest idea's / stuff

Which i cant explain to you... but for him, he believes are the best / most realistic things to know/see/hear etc..

Wish i could go back in time..

Pain - April 1, 2018, 7:52 am

I believe you're misinformed. All of those are not drawn by children.

Conor McGregor™ - April 1, 2018, 7:57 am

Many of these weren't drawn by children.

Mr Meeseeks - April 1, 2018, 8:04 am

Kids have vibrant dreams, and society nowadays isn't exactly great for children.

There is no way these were drawn by children. Just read the comments. Nonetheless they are

mortifying.

PurlieuServices - April 1, 2018, 10:05 pm

I hope that I don't rise from my grave when I'm 100 years old.

My Computer - April 1, 2018, 10:08 pm

These drawings are indeed creepy but I doubt children drew some of these.

Sandeman - April 1, 2018, 10:14 pm

Kid drew that? That ain't a kid anymore...

JOW - April 1, 2018, 10:16 pm

I highly doubt children drew that, just think about it throughout all of your life have you seen or heard of a little family member of yours or any of your friends that draws shit like that?

PurlieuServices - April 2, 2018, 12:03 am

When I was a kid, I was drawing some pretty advanced stuff, things that were way beyond my years for the time.

Today, I'm doing 3D computer art, here is an example.

Motusora - April 2, 2018, 6:31 am

The very first one is from a scary stories book or something. From what I remember I don't think the author was a kid when he drew it.

Regardless some of those are creepy as shit.
