Vouch for OP, the method does work as described in the thread. OP just needs to fix a few details before selling it though to avoid misleading.

Am looking to buy for 14\$ but am not willing to buy when I see no proof/vouches. The vouches are crap and don't explain much neither do they show any pictures.

So deal with caution

Riddick - April 4, 2018, 10:49 am

Not sales trashing or leaking, but this isn't a "method", it's instructions on how to obtain something that you're entitled to if you own an account with the company in question (which is free). Using the information in this thread, I was able to find a YouTube video that was posted in July 2017 that shows you how to do this and OP has confirmed my suspicions via PM. If you have no idea how to do this and want unlimited VPSs, by all means buy it, but I'm just giving people an honest heads up.

FuxXER - April 5, 2018, 8:38 am

I felt i better use this \$15 bucks to buy Mc.D :D

wtf - April 7, 2018, 7:56 am

I purchased this and when you type "get free vps" the first video is this method.

Takehito Morokuzu - April 7, 2018, 9:14 am
