(Apr 5, 2018 01:27 AM)Prox Wrote: [\[CITE\]](#) I was given the opportunity to review Sandeman's method today and was not disappointed with the content.

The instructions were simple, clear, and to the point without page fillers or unnecessary information. You'll be surprised as to how uncomplicated he makes it compared to other ebooks/methods sold here. He even adds a helpful mind-set direction to get you to think outside the box and put this to use in even more ways than on paper.

As for the content, I can't see any reason why this wouldn't be earning you constant income; as per most working methods, it doesn't require a great amount of work but it's obvious you'll increase your earnings by putting in a little more time.

I actually think it's being sold too cheap for what you can do with it. Better and more original than most ebooks on sale. It is very simplistic, nothing over-complicated and literally takes under 15 minutes to set up. From how its looking currently it is profitable but obviously I don't want to bite my tongue so I'll update my post once I get any earnings!

Method still working 4/11/2018

Kway - April 12, 2018, 2:23 am

Vouch for Sanderman. This method will earn you some serious cash but it's not sustainable and will come to an end but you'll definitely make 10x if not more of what you put in.

CraftyBot - April 12, 2018, 2:29 am

If you're still giving out vouch copies I'd love one.
