Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [Make \\$500/week Using This Private Method! \[Grayhat\]](#) by "mr. potatoman"

Before I begin I would like to mention that at first, I was given the original version of this eBook, but before I was able to write my review OP sent me an updated version, as I had already pointed out a few issues he might want to address.

OP also took my advice and lowered the price for this product, so kudos for that.

This eBook consists of 8 pages and 1 method.

Before I dive into the contents I would as always like to talk a bit about the eBook design and grammar. With the original eBook version I found the design to be clean and overall professional, I had no issues with it at all. But with the updated version OP decided to make a fairly weird decision and change the look of the eBook into something I personally do not like much at all. I find the new design to be very amateur looking and makes it more of a chore to read and get through than before in my opinion. I hope OP reconsiders this change at some point. Also, as always there are some grammar mistakes here and there, but nothing that really matters. Of course, it never hurts if you take a little time to comb over them all so it looks a bit cleaner.

Now on to the meat of the eBook. As I said this eBook consists of 1 method. This method is, as is mentioned in the thread design, about reselling. This eBook covers reselling a certain specific item, but it is of course possible to take some inspiration from this to find other similar things to sell as well.

As OP also mentions this method is a bit greyhat, which is very much true. Though you will not be doing something that is technically illegal or wrong, you can still have some angry customers and other issues selling this if you are not careful and precise with how you do it. OP also links to the site where the product can be bought, so you do not need to do that research yourself.

In the eBook OP does cover selling this item on eBay specifically. Though as he also mentions you can resell this on many other sites as well if you wish to do so. OP takes you through the steps on how to set the method up fairly cleanly and it is very easy to understand what to do throughout. The steps in the eBook are very easy to go through and you will not spend more than a few hours at most getting everything set up. And once everything is set up you can just sit back and relax and wait for your first sale. Another really good thing about this method is that since it is basically dropshipping, you don't need to invest anything at all. You will only spend money on the item after you have sold it on your site of choice already, meaning you will only spend some of the money you have already made, and not any of your own money so to speak.

The eBook is fairly descriptive and does also cover multiple tips and tricks you can utilize to increase your sales and income, both with this product, and reselling in general.

As I said though this is indeed a greyhat method and if you do it wrong you can run into multiple issues, including copyright, customer complaints, fraud etc. so please do follow the eBook carefully so you don't get yourself into unwanted trouble. I can also see chargebacks being a problem here if you do not set it up completely correctly.

I also want to quickly mention that OP's support was good and I got all my questions answered in a timely and effective manner.

Outside of that though yes, I can see this method working fine. As with any reselling method, it's all about buying low and selling high. I can see the product this method is based on doing fairly well if you advertise it properly, and I can see you make a decent overall passive income from it as well. Also, with the current product cost you would only need to sell one item to make your money back as well as some profit, so getting your money back should not be hard at all with this method.

Final Thoughts

To OP I would like to suggest you change your design as I don't really at all like how you changed it in the updated eBook version, and I would also advise you to take a quick look over your eBook to fix those few grammar mistakes here and there.

To me this eBook at the current price will be worth it for more or less everyone. Of course, if you

already know about this method/item specifically you will not get any value out of it, but for the other 99.99% this to me seems worth the asking price. As this eBook is just about getting the product set up on different sites before sitting back and waiting for sales, there is no reason why you would not at the very least get your money back sooner or later, with a good potential for more earnings as well. Though this method is greyhat and can potentially give you some small issues, as long as you follow the advice and info in the eBook you should be 100% fine. Also considering you do not have to invest anything expect the cost for the eBook itself It is a good option for the people with a smaller budget as well.

If you are looking for an eBook with zero need for any further investment, then this is a good place to start ?

Can I get the vouch copy please?

F?cqle?? - April 6, 2018, 7:20 pm

I'll try it and see if you're full of shit or not. ?

sadfire - April 6, 2018, 7:21 pm

I will message you two and give you vouch copy.

SIM-2223238 - April 7, 2018, 6:41 am

11 hours and no reviews yet?

Shaggy - April 7, 2018, 6:56 am

At least post proof of earnings for now

Frost - April 7, 2018, 9:19 am

Well let's see some vouch copy reviews or proofs.

Theocritus - April 7, 2018, 9:48 am

Hello! This is an invitation by myself, as a member part of Appraisers, who's purpose is to provide insightful feedback on services and products offered here in the Hack Forums marketplace through the means of reviewing them and ensuring users of what they are going to be purchasing. Please understand that I am not asking for a vouch copy and that you may respectfully decline such an invitation from myself. Thank you.

If you are interested in my invitation and would like to further this discussion, feel free to send me a message by clicking the following link which will send you directly to my PM: [Theocritus](#).

(Apr 9, 2018 11:25 AM)Baked™ Wrote: [\[CITE\]](#) Vouch for my man potatoman, he always has the fire products and methods

Thanks for the vouch mate.

and ofcourse Thanks for the very detailed review of my ebook Theocritus.

BathingApe - April 11, 2018, 4:50 pm

I would love to take a vouch copy and give you feedback, reviews and a detailed post on my experience. Let me know or shoot me a PM if you're interested.

packofmidgets - April 11, 2018, 5:00 pm

I will buy this method. I will post back with my personal earnings and review after I make my first sale.

I have to say I already feel like this will make money easily. Great product here OP. I will post back with my first sale.

sadfire - April 11, 2018, 5:54 pm

Seems like you have bought the pro version. Thanks for the purchase and lemme know if you need help with anything ;)

I dont think I would need any help as long as I just fallow the instructions/directions in the manual lol. But hey if you have any suggestions on other products to use this method with I will take that =)

Ivex - April 11, 2018, 6:01 pm

I'll buy this once people start saying they've earnt from this. :)

Change - April 11, 2018, 6:04 pm

It seems hes reselling shoes from dhgate or ioffer or aliexpress and selling it on ebay? possible :p
