Thread: [Experienced Customer Support Specialist looking for a job.](#)

Apocryphon - April 7, 2018, 9:32 am

Hello everyone. I've been working as a customer support representative on multiple websites in the past 3 years.

I'm free atleast 12 hours everyday and if we make an arrangement I will be happy to work for you. I'm also looking for any other kind of job. If you have any proposals please send me a PM with informations about the job and stuff. I have basic experience with Wordpress, CPA Marketing, Virtual Assistant Tasks, CryptoCurrencies & such.

I've been working in different niches, including social media services, gambling and gaming websites. I tend to learn things quickly and I'm very flexible.

I charge about \$3 up to \$9 per hour. We can make negotiations about the price which will depend on the work that needs to be done.

This user has been working for me for a long period of time now and has been great. Unfortunately I recently had to stop running the site I was running. Best of luck to you! If anyone would like a reference from me, I'd have no problem providing a reference.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
