I got my win and raised my K/D ratio. Much love because I suck at this game.

This is a thing now? Neat, I can make money off of being good at fortnite.

XzoRcisT - April 7, 2018, 11:25 pm

I see that you're offering a vouch copy, I'll gladly take it if I deem worthy.
I play on console if it matters.

Great pricing here.

Don't think I'll need to use this but if anyone's looking for such a service I'll be sure to refer them.
Good luck with sales.

Vouch for mooki!

These are well and affordable prices for battle passes and kills.
Do you plan on adding wins to your packages ?

Ivex - April 8, 2018, 5:00 pm

Man now I wish I got more wins. I'm like 1 win every 50 games. Good luck with this, decent prices.

Do you plan on adding wins to your packages ?We have wins going for \$3, but we also offer battle pass preorder as well I do full battle passes so for example we'll bring someone from tier 1-100 by end of season for \$60.

So you'll play the game and have someone pay you \$60 lol.

You can get to level 100

By just playing.

Can't you you just spend like 50\$ worth of vbucks to upgrade to level 100?

1 tier is 150 v-bucks

That would be 15,000 v-bucks from 1-100.

13,000 v-bucks is \$100

No.

Yeah, but like wouldn't someone who plays decently enough be able to achieve tier 50 by now?
