You are definitely not an upcoming rapper.

WatermelonHazee - April 8, 2018, 7:14 am

I'm not even gonna be nice or lie dude, this is fucking TRASH. i repeat DO NOT QUIT YOUR FUCKING DAY JOB BRO. YOU WILL GO BROKE AND HUNGRY!!!! ?

WageWolf - April 8, 2018, 10:14 am

Completely honest, the audio is trash and you have no bars. Could use a lot of work, but don't let this discourage you, just don't quit your 9-5 just yet! ;)

FamousHater - April 8, 2018, 10:20 am
hahah that was fucking horrible

thanks for the laugh op

Condescend - April 8, 2018, 10:56 am

The lyrics you have do not go along with the beat, and it results in a not-so-good sound to the ears. Try and find inspiration from other aspiring rappers, and see how they match their lyrics with their beat. That is the main problem to me, personally. When it comes to the video, it doesn't really make the case any better. It honestly made me laugh. ? Don't give up though!
