Thread: [Leave Youtube Video Running](#)

I--I - April 9, 2018, 12:35 am

Hey everyone [--]_/

I've been slowly working on a Youtube channel and I need to get my watch time stats up. So I made a few videos to help with that. If you good sirs could leave a video or 2 running muted in the background that would help me a lot. Thank you [^^]

You are trying to reach the new requirements for monetization?

I put the video up to run over night on my workstations, enjoy the watch time for your application to get monetization and more new features up for your channel.
