Thread: [\[FREE FOR ALL\] Overwatch Trigger Bot + Source](#)

KusheKurse - April 10, 2018, 12:45 pm

Came across a neat little TriggerBot for Overwatch. Currently 100% Undetected.

This is something that is publicly available and the Original Creator left source intact, and I have included it as well as a pre-compiled version for ease of access.

This includes one .rar that has Source Code in Txt

PreBuilt Executable

Leave a Post if you'd like a copy as well. Will send details via PM.

Aahha. That's rich. I'll take a look at the source please. I don't need to use it, don't care for the executable. Just want to see the source.

Sending your way! Most basic of the basic feature TriggerBot. No Aim assist.

On its way to you.

On a separate note, This is something that is publicly available as I've stated before. The source, prebuilt executable, and instructions on how to build it from source and use it are included, as well as the original source if needed. Just wanted to make that clear!
