Thread: [The Cracking Guide - A complete guide to get hundreds of accounts! | Noob-friendly |](#)

Simon_ - April 12, 2018, 10:59 am

(Apr 12, 2018 01:34 PM)IC3zx Wrote: [\[CITE\]](#) I got a vouch copy (godly package), here is my honest review:

Format & layout

Ebook is well written and 20 pages long, simple and clean. There are many sections/chapters and the ebook is very organized.

Easy to read and to follow, but some more line breaks on longer paragraphs would be useful for your eyes when reading :P

9/10

Content

I have to say this is probably one of the best ebooks on HF, there is a lot of useful content and knowledge.

It covers basic-advanced topics about cracking like how to get accounts, create dorks, dump databases, and dehash combos, plus how to profit from cracking and how to keep yourself safe.

The section about dork making is very well written and useful, it covers also some "advanced" methods to create private dorks (they are essential if you want to get private combos).

While everything is perfect and covered, I feel that the section about cracking lacks of something. Well, it's not a real lack since it's an easy step (just load and press a button), but for beginners screenshots would really help, or at least a link to a video.

Overall the content is very great.

9.5/10

Price

I think the price is fair for what you get. One note: you could do your own research and learn cracking for free, or you could buy this ebook and learn faster and have a full understanding of the topic.

He put work on this ebook and it's a masterpiece for beginners (it covers almost everything about cracking).

9/10

Overall as I said it's a great ebook that covers every topic, you can make your investment back in just few hours. This is not a quick rich 5.000\$ per month ebook method, but it's an actual working and useful ebook.

You need to work on it, and once you've mastered cracking it can become semi-autopilot. If you put (passion?) work on it, and you're smart enough you can earn easily 200\$+ per month without work at all. (there are people that earn 500\$+, just think outside the box)

So this is a must buy ebook if you're interested in the topic, but keep in mind it's greyhat/blackhat.

Good luck with selling! ?

(Apr 12, 2018 02:48 PM)Cubruh Wrote: [\[CITE\]](#) Lets dive into this review, OP has given me a godly package however he only supplied me with the e-book and not the tools therefor I cant review the tools so below is my review of JUST THE E-BOOK ALONE.

Writing: 5/10

Right when you open the e-book you notice grammar mistakes, this could be because op's first language is not English. However this does not take away from the content besides the fact that the English seems a little broken the content is there and explained. Along with that the e-book seems very crammed and can be hard to read sometimes you might get lost in the large paragraphs that he has written with little spacing, however this is a easy fix.

Who is this e-book best for?:

Personally I think that this e-book is best aimed for people who have no idea how to crack or what it really is, it will give the buyer a good idea of what it is, how it works and what tools you may need. As far as someone who might be experienced in cracking already I don't suggest you purchase this e-book as you probably know a lot of the information within it.

Final Notes:

a lot of this info can be found free online however if you are lazy and don't want to do the searching you can go ahead and pick this up and it will save you a bunch of time. This is the only e-book I have ever reviewed related to cracking so I do not know what the other ones are like that are on the marketplace however this will give a beginner user an idea of where to start.

I wouldn't suggest you buy this if you already have a foot in the water when it comes to cracking as you wont learn anything new. However if you dont have any idea of what your doing or how to do it picking up this e-book would be a good start.

FOR PAYPAL PAYMENT PM ME

T.O.S.

Reselling is forbidden.

Chargeback will result in a scam report.

You can't leak/share this e-book.

I'm only and one seller of this e-book.

I'm selling it for educational purposes only.

I will give away 2 vouch copies of Godly Package to high-reputable members on HF. PM me to receive it.

Vouches from other forum and my Discord server:

I have to correct you, even if you know something about cracking this ebook covers some advanced topics like dork making and dumping databases/dehashing.

Most of the information can be found online, true, but with this ebook you take the "short way".

This ebook is perfect if you have 0 knowledge or already know the basics of cracking (load and run sentry).

But most of the beginners don't know how to make dorks and get private combos, they just leech, trust me. ?

Simon_ - April 15, 2018, 1:16 pm

Daily bump! If you want to buy, hit me up via PM or use autobuy!

Simon_ - April 17, 2018, 8:52 am

Daily bump! If you have any questions feel free to ask me via private message!

Simon_ - April 19, 2018, 2:27 pm

Daily bump! Feel free to ask me anything about cracking!

Simon_ - April 25, 2018, 8:43 am

Daily bump! Still selling it.

TheMedigator - April 25, 2018, 8:45 am

May buy the godly pack once I get some bitcoins! :D

Simon_ - April 30, 2018, 3:34 am

Daily bump, still selling! Already over 15 Godly customers!

Simon_ - May 5, 2018, 1:57 pm

Bumping, over 20 Godly customers at this moment and still rising!

Simon_ - May 19, 2018, 4:10 pm

Daily bumping this thread!

what can you crack with these?

asmy - August 22, 2018, 7:39 pm

can these crack Hosting file

like K2s ,rapidgator ,,,,

Simon_ - August 31, 2018, 4:08 pm

(Aug 6, 2018 07:16 AM)unmeteredbullet Wrote: [\[CITE\]](#) Interesting thread. On average, how much combo's out of sql will your ways/methods daily?

Well, I am running SQLi Dumper on my VPS, average daily combo quantity is about 100k

(Aug 22, 2018 07:39 PM)asmy Wrote: [\[CITE\]](#) can these crack Hosting file like K2s ,rapidgator ,,,,

Yes, you can learn how to crack also hosting sites.

(Aug 6, 2018 08:11 AM)cricketman Wrote: [\[CITE\]](#) what can you crack with these?

Mostly everything, you can't crack websites with captcha only :D

REEEEERRRE - August 31, 2018, 4:59 pm

New to cracking. Is cracking more intended to obtain bulk amounts of accounts or would it be possible to target an account that you are wanting? Interested in buying.

Whiteee - August 31, 2018, 5:02 pm

Could I possibly have a vouch copy if you still have one available?

cricketman - August 31, 2018, 8:55 pm

Interested in buying.
Sadly no. It's about obtaining accounts in bulk for targetted website.

(Aug 31, 2018 08:55 PM)cricketman Wrote: [\[CITE\]](#) Im trying to crack lords mobile account its an app
If you will obtain a configuration file that targets this app (yes, it is possible to make a configuration file for Android/iOS app), you will be able to crack accounts for it.
