Thread: [6000 monthly vpn subscriptions!](#)

Flu0z - April 13, 2018, 12:22 pm

Tbh I started the business with a friend for an extra \$100-200 a month

Crazy how far it's grown! (just the VPN it's self)

Never thought we'd actually have an office and employees haha

We're moving again soon though as we have a new business plan ? ? ?

Hopefully we can scale it bigger, at the moment we're struggling to grow past 6000 our growth slowed down at about 5000
