(Apr 16, 2018 01:31 PM)WatermelonHazee Wrote: [\[CITE\]](#) Vouch for juice, He has some gangster methods

Edit:

Overall, the ebook is easy to follow and in depth. As it says there are 7 methods and each one of them are all able to be used for a good amount of income in my opinion. I would recommend this to people if they are looking for some easy cash. It doesn't require a ton of work either. Good luck with sales OP.

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\\$200+/DAY || INCOME INSANITY || GUARANTEED EASY MONEY || PROOF INSIDE ||](#)
by "Juice."

This eBook contests of 7 methods and 15 pages.

Before I get into the methods here I will talk a bit about the other aspects of this product. Though I do not see many grammar mistakes here at all, I do believe the language used could be a bit more diverse. I will also say that I think you should try to structure your eBook to look a bit cleaner. I think you can use tools such as bullet points, a bit more strategic spacing etc. doing that I think will make everything look just a little more professional.

As this eBook has 7 methods I will quickly go through them in chronological succession.

Method 1

The 1st method in this eBook is based on CPA. This is not the typical CPA method though and is a little more original than that in my opinion. You will not be asked to start a Youtube, Twitch or any other sort platform to convert views into leads and profits etc. this is a different approach, and though it is a fairly logical and simple one when thinking about it, it can no doubt bring you some income, and without too much work as well. The illustrations and imagery are good and you are also provided links to sites you can use.

Method 2

The 2nd method is based on SMM. This method is straight forward and easy overall, though it can still be used to great effect. You get links to different sites you can use, and you are given tips and tricks on how to make money while using this method. You are also given an example template you can use. Overall a simply method, but still one that can make you some easy cash.

Method 3

The 3rd method is based on crypto. You will need an account on an exchange, OP personally suggests using Binance, which I also myself use and am quite happy with. Now this method is fairly nice as it seems like something you should have thought of yourself but didn't. you will be doing something on the exchange itself to make money buying and selling different crypto coins. Though I don't see you making much with this unless you invest a lot of \$, you can still make some easy small gains here as well.

Method 4

This method is very simple and is based on reselling. With this method you will be reselling free digital items you can find online, (which OP of course links you to), and then reselling them on another website for a low price. This method is basically identical to the method in one of Vyrez's eBooks though, so I am not sure where OP got it from. If he thought it up himself that is great and all, but if not then I hope he is not reselling a method from another already released product.

Method 5

This method is also based on crypto, but more so on an investment/trading level. With this method you will need to invest some money, and of course the more you invest the more you can make. The good thing about this is that you will be able to profit without more or less any work past the initial setup of it. Can't really say much more about this as it would spoil the method too much.

Method 6

The second to last method is based on betting. this method can both be used for betting but also selling of certain services within the betting genre. This is a fairly straight forward and a well-known method to a good portion of people, but still one that will be profitable for ages to come. Of course, if you are investing in betting yourself with this there is inherent risk associated with it, so please do be careful people.

Method 7

The last method in this eBook is a straight up CE method. There is really nothing to say about this as It is simply CE. I would also like to mention to OP that multiple of the sites he references here that you can use to get the currency you want, are only available in the US or a small amount of countries. I would like for OP to add some worldwide options/suggestions etc. also I would say that OP's numbers are a bit wrong. He is saying you will have this much profit per trade etc, but I feel he

has not counted in the inherent fees using more or less any platform. Also doing CE is not as easy as it sounds If you do not already have an established account/service and can demand other people to go first to you. If you are doing CE and having to go first to so many people until you are trusted yourself, you will lose money on being scammed at least once or twice, I think that is just inevitable.

Final Thoughts

To OP I would say to structure your eBook a bit better. I.e. better punctuation, better phrasing, paragraphing etc. making those changes will make it look much cleaner overall. Also, I would add some more options for worldwide buyers outside the US for at least one of the methods.

If you are looking to get an eBook with many different and diverse methods then this is not bad at all. The price point I feel is alright as this has as much diversity as it does, and you should be able to make your money back without too much hassle. I feel a few improvements can be made, and it should be said none of these methods are revolutionary or super original. But they are methods that have worked, do work and will continue to work for the foreseeable future. I see this being the most valuable to newer users, and not that useful for the eBook veterans out there.

If you have never bought an eBook before then this is a pretty alright place to start ?

These are my own methods I have used to make loads of cash in a short amount of time. Feel free to PM or post any questions you may have.

Frost - April 15, 2018, 2:26 am

Waiting to see vouch copies reviews :)

Theocritus - April 15, 2018, 4:07 am

Received a review copy of this a few days ago, will be publishing me review on it within 48 hours or so

Sounds good. His ^ + some others will be coming soon!

If you like them and want to buy be sure to hit me up I'll give first buyer a discount.

CyberAlien - April 15, 2018, 6:57 am

Interested, hopefully, this isn't any ebay or CPA/PPI/PPD method.

Juice. - April 15, 2018, 7:15 am

(Apr 15, 2018 06:57 AM)CyberAlien Wrote: [\[CITE\]](#) Interested, hopefully, this isn't any ebay or CPA/PPI/PPD method.

Glad to hear. There is no eBay, and as far as that one of the 7 methods includes CPA but it isn't the typical CPA guide it's super simple and easy. That's the only method that does include it though.

Tesla - April 15, 2018, 8:51 am

First off thank you for the very detailed review. I appreciate you taking the time. I'm going to take your considerations and will work on some structuring and phrasing. I may be contacting you for advice on some things if you wouldn't mind. I'll also for sure list some options for international people as well. (The ebook does work for international people I just listed sites for US people — for people reading —)

You are correct there is definitely money to be made from these methods and that they are all solid and work. Anyone looking for some ways for some easy money are looking in the right spot.

Thank you again for the review.

Rigatoni - April 16, 2018, 9:35 pm

I was lucky to receive a vouch copy from Juice.

The ebook is easy to follow and the methods were pretty in depth and with creativity, you could apply the methods Juice. provided to earn your money back and plenty more thereafter. If you have the ambition, you should have no problem making some real cash using these methods. \$25 is a great price for an eBook bundle such as this, especially for those looking to start up.

Good luck with sales! :)

Sorry man from now on it's just sales!

Thanks!

Sandeman - April 17, 2018, 8:42 pm

Hey, sorry I posted late. Bought this not too long ago and my honest review is there are lots of methods and I tried most of them, there was one or two that wasn't quite for me (probably would work for someone else) but I found the others worked extremely well for me. It made my money back and more.

Was pretty easy to follow, thanks OP.

I'll post total earnings from Juice. in a week from now.

Big vouch from me.

Juice. - April 18, 2018, 5:15 am
