But it's hard af to crack RDP's these days, I wouldn't waste time for that
i did this method

Smile? - April 16, 2018, 2:08 am

I send you some source I tried a while ago , you only need a basic knowledge to compile them.

eEelad - April 16, 2018, 6:43 am

still need help guys! please

It's really hard as Villezzai told you to crack rdps.
Requires big CPU usage and bandwidth.

Looking for HQ RDP that can get you 50 H/s per RPD? Message me or look at my thread. Ask Eelad I sold him 3 RDPs and he has 200 H/s.

I also have vouches.

Message me if you're interested. ?

Don't use DUBrute, Use NLBrute.
