So this is possibly a scam since

Saw a couple of people who posted a deal dispute against but it was already too late when I paid.

Deal was a \$50 AGC for %70

sent him the money n he went off

deal was on site(via PM)

Advice for future deals is to always check for deal disputes on the user before dealing. Maybe give him a day or so to reply. I hope everything is sorted out, dude!

Why haven't you added this to the deal dispute database? I saw you posting in his threads about DWC. Easiest way to warn people is by doing that, trust scan will reveal it for upgraded members..
