I'm looking to expand my Library of German Rap / Hip-hop.

Shit always sounds hella fire.

Would any Germans, or people who listen to German music mind dropping some songs?

2 artists I like:

Punch Arogunz

Laskah.

Xerotic said it's ight if I post this thread here.

I like these two rap songs in German.

ScorpionOfWar - April 29, 2018, 2:00 pm

You should listen to the new capital bra songs.

"5 Songs in einer Nacht",
"Neymar"

Those two are are not as hard as other songs from Capital Bra but more melodious.

Else I can suggest
"Zweistellige Haftstrafen",
"Vladimir Putin",
"Es geht ums Geschäft",
"In der Stellung von Balotelli" and
"Ja Braaa"

Some of them are not on yt but on spotify. Enjoy

I'm old, but:

Der Stoff, Aus Dem Die Träume Sind - MC Rene (2000)

Found out recently after checking the sample of Pete Rock - The Cake (American ?)

Geiles track!

cocainaMyNameIsJeff - June 2, 2018, 11:55 am

You should listen to SpongeBOZZ/Sun Diego

Please do me a favor and do not listen to KMN "Gang" (Azet etc.) they just bite and overuse Autotune!

You should listen to his Album called: Started from the Bottom / KrabbenKoke Tape on which he raps as SpongeBOZZ.

Here are some sick songs from his Album: Bluff Millimet, Centurion Card, Wory w Sakone, Hype Is Real, Now We Here, Guntalk, Sin City, Plata o Plomo

I hope i helped you in some way! ;P
