Greetings!

I am interested in this tool, however how this is working exactly?
Is this just a basic bruteforce, which can take very long time to finish? What data do I need to have, so that the tool can get the password?

Thank you, WingTsun™.

Okey thanks, I will pass this then.

I am wondering, is there any other type of FB Account hacking tools around there?

Wolfmilan - April 19, 2018, 1:21 pm

yes of corse there is lot of but my tools is updated

Seems like alot of people are gaining tons of money selling basic bruteforcers

Good luck with sales tho

??? ???? ???? ???? ??????? ????????? ??????? ???????

Trouble-Maker - July 11, 2018, 10:50 am

Does this require the account email to work? Or is the URL enough?
