Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[\\$19.99\] | CASH BUSINESS | EARN \\$400+ PER DAY | WEBSITE PANEL INCLUDED |](#) by "Trapezoid-"

This eBook consist of 1 method and 8 pages.

Before I get into this review I will as always like to talk a bit about the design, grammar and so on. First of all, I did see some clear grammatical mistakes here and there. The mistakes aren't catastrophic but you should no doubt use some more time to fix up the grammar and your sentence structure in this eBook.

On the design part of things, I feel the look of this eBook is alright, though it is by far not the easiest I have read. I don't personally like the blue background that much, but at least the white text is easy enough to read overall. Some of the text is colored in red though and those parts are definitely not that easy to read in my opinion. Overall the design is okay, but I would honestly just have preferred it with white background and black text or something along those lines. But again, this is nothing too important at all, just my personal preference.

Now onto the eBook itself. With this eBook you will be shown how to resell certain online services to a wide variety of people. You will be shown where to find the services you are going to sell, as well as where & how to then, in turn, resell it to others. This method is fairly simple overall as it just covers a list of services you can resell at a profit. Nonetheless, that is not at all bad either, as even though it may not be complex, that doesn't mean you can't make good money with It anyway. OP

covers the importance of customer service in this method, and also provides some tips on how to maximize your profits by telling you how you can more easily expand your reselling business, as well as also get returning customers for even more profit down the road.

You are also taught how you can set up a simple website with this in relation to customer service and contact, so you can increase your sales even more. Seems fairly straight forward and it shouldn't take you long at all to add the website with the contact function etc. Which would probably be well worth it in the long run using this method.

With this method you are just simply taught where to find services to resell and how and where to then resell them. You are also provided with a template for doing some of these things, which can be a good help for some as well. Overall this method isn't hard to understand at all and you should at the very least be able to earn your money back without too much effort. Also as you will only be buying the services after you have gotten paid for them in the first place, this method requires no investment at all.

The setup of this method is probably going to take you a few hours or so, but not too long. I imagine you can see your investment returned fairly easily within two days or so if you are efficient. With the prices you are most likely going to be charging as well, you should only need a single sale to cover the cost of this eBook. Now this method isn't the most original or new by far, but it is a simple method, with simple steps, that can and will make you some money provided you are willing to put some time into setting it up and keeping it going afterwards as well. Though you will have to work a little for every sale, and you may have to spend some time before you start getting the sales rolling in, as long as you are willing to work just a little to keep the sales rolling your profit should be fairly okay using this method.

Final Thoughts

To OP I would say you should really look over your eBook and fix your grammar mistakes, as well as also restructure some of your sentences to make your eBook easier for everyone to read and understand.

If any of you are looking for a method than can be fairly profitable, without you having to go into any complex processes or having to use too much time, then this is probably going to be a good fit for you. The method is simple, easy to execute and easy to keep going after it has been properly set up. I'm sure OP will be of good help as well should you need any assistance getting it all up and running. For the price as well, I feel this eBook is priced fairly and I do believe 99% of you will get your money back with this, without too much effort as well. A simple product, but with a lot of earning potential.

2/2 VOUCH COPIES GIVEN OUT

Your image doesn't work bro.

I would like to take the vouch copy, let me know! :)

Yes it is whitehat. Sent you a PM as well! :)

Theocritus - April 19, 2018, 7:59 pm

Hello! This is an invitation by myself, as a member part of Appraisers, who's purpose is to provide insightful feedback on services and products offered here in the Hack Forums marketplace through the means of reviewing them and ensuring users of what they are going to be purchasing. Please understand that I am not asking for a vouch copy and that you may respectfully decline such an invitation from myself. Thank you.

If you are interested in my invitation and would like to further this discussion, feel free to send me a message by clicking the following link which will send you directly to my PM: [Theocritus](#).

Money- - April 19, 2018, 9:35 pm

If you are offering vouch copies. Let me know if I'm eligible to get it.

Thank you very much!

Trapezoid- - April 20, 2018, 6:37 am

All vouch copies have been given out. Have had a few happy customers as well and have asked them to leave their thoughts on here. If anybody has any questions feel free to drop a reply anytime! :)

Yeah he is. He just got done with some IRL stuff but he told me he would have it soon. Stay tuned guys! Also if you purchase and do not earn I will refund you. So no risk to you! :)

Theocritus - May 5, 2018, 2:52 pm

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[\\$19.99\] | CASH BUSINESS | EARN \\$400+ PER DAY | WEBSITE PANEL INCLUDED |](#) by "Trapezoid-"

This eBook consist of 1 method and 8 pages.

Before I get into this review I will as always like to talk a bit about the design, grammar and so on. First of all, I did see some clear grammatical mistakes here and there. The mistakes aren't catastrophic but you should no doubt use some more time to fix up the grammar and your sentence structure in this eBook.

On the design part of things, I feel the look of this eBook is alright, though it is by far not the easiest I have read. I don't personally like the blue background that much, but at least the white text is easy enough to read overall. Some of the text is colored in red though and those parts are definitely not that easy to read in my opinion. Overall the design is okay, but I would honestly just have preferred it with white background and black text or something along those lines. But again, this is nothing too important at all, just my personal preference.

Now onto the eBook itself. With this eBook you will be shown how to resell certain online services to a wide variety of people. You will be shown where to find the services you are going to sell, as well as where & how to then, in turn, resell it to others. This method is fairly simple overall as it just covers a list of services you can resell at a profit. Nonetheless, that is not at all bad either, as even though it may not be complex, that doesn't mean you can't make good money with It anyway. OP covers the importance of customer service in this method, and also provides some tips on how to maximize your profits by telling you how you can more easily expand your reselling business, as well as also get returning customers for even more profit down the road.

You are also taught how you can set up a simple website with this in relation to customer service and contact, so you can increase your sales even more. Seems fairly straight forward and it shouldn't take you long at all to add the website with the contact function etc. Which would probably be well worth it in the long run using this method.

With this method you are just simply taught where to find services to resell and how and where to then resell them. You are also provided with a template for doing some of these things, which can be a good help for some as well. Overall this method isn't hard to understand at all and you should at the very least be able to earn your money back without too much effort. Also as you will only be buying the services after you have gotten paid for them in the first place, this method requires no investment at all.

The setup of this method is probably going to take you a few hours or so, but not too long. I imagine you can see your investment returned fairly easily within two days or so if you are efficient. With the prices you are most likely going to be charging as well, you should only need a single sale to cover

the cost of this eBook. Now this method isn't the most original or new by far, but it is a simple method, with simple steps, that can and will make you some money provided you are willing to put some time into setting it up and keeping it going afterwards as well. Though you will have to work a little for every sale, and you may have to spend some time before you start getting the sales rolling in, as long as you are willing to work just a little to keep the sales rolling your profit should be fairly okay using this method.

Final Thoughts

To OP I would say you should really look over your eBook and fix your grammar mistakes, as well as also restructure some of your sentences to make your eBook easier for everyone to read and understand.

If any of you are looking for a method than can be fairly profitable, without you having to go into any complex processes or having to use too much time, then this is probably going to be a good fit for you. The method is simple, easy to execute and easy to keep going after it has been properly set up. I'm sure OP will be of good help as well should you need any assistance getting it all up and running. For the price as well, I feel this eBook is priced fairly and I do believe 99% of you will get your money back with this, without too much effort as well. A simple product, but with a lot of earning potential.
