Thread: [I AM BACK](#)

Scammerito - April 20, 2018, 5:38 am

Yeah, I just got banned with my account selfmademilionaire few minutes ago. I was wondering guys, how many times would you ban me to see you can't stop me. Hackforums banned my first account when I scammed no one and is after me since then, but I always come back and make good money here. Even now a new account is in a process of developing. I wonder how many it will take ?

I probably have some more accounts, I can't remember already. I am always trying to be legit but you users accuse me of being a multi. I promise you you will never ever notice me anymore but this time it will hurt a lot :P

Well they are all 50 rep max accounts which made me 200-300\$/day.

Imagine once my new accounts get ub3r and I will buy him a good amount of rep this time :P

I got a lot of money and I am not in a rush for taking hackforums's users money once again.

I want people here to know that I am extremely dangerous, I know how to take their money with an ease. I don't want to be challenged, I want to live in a piece with you but I am always hated

So much intelligence for one person. God protect us...

Still a child in need of attention.

I used to have friends here. A lot of people I did good business with. I want them to know that I am still among them and I will be forever. I am extremely hungry for money, and Hackforums is an all inclusive restaurant

I don't know you, and I didn't really want to. There is another way to keep in touch with you're friends, than do the fool by posting a thread that everyone cares.

Scammerito - April 20, 2018, 5:52 am

Yeah sure I will let them know it's me everytime so I get banned.

Pathetic

esc0 - April 20, 2018, 5:54 am

Like what you're saying.

When I told you that some one was rocked too close to the wall.

Scammerito - April 20, 2018, 5:59 am

Nevermind, my minutes here are counted. But I will be back guys, soon or later
