Thread: [Happy 4/20 and 1/2 price award special!](#)

Omniscient - April 20, 2018, 11:26 am

In honor of the 4/20 holiday here on HF I have made the Legalize It award only \$25 which is 1/2 price.

I've sweetened it even more by allowing unlimited buys which means you can buy this award repeatedly for your profile for the big blazers on HF.

Support HF and show off your profile with a new award or two.

<https://hackforums.net/buyawards.php>

This offer is for the next 24 hours only.

Thank you.

Note: The system only allows you to make one buy at a time so while it's unlimited you'll have to go through the checkout repeatedly. And you can also gift buy the award even to those who may already have it.

Why are you doing this, when it's the only day of the year where I dont have money -_-

I'm sure a lot of people going to buy 10+ of them

CA905 - April 20, 2018, 11:39 am

Since it will be legalized in Canada very shortly, I will definitely buy it rn. Thank you for doing this for us lovers of the devil's lettuce! :)

I honestly feel bad for the dudes that bought it a second ago. I'll buy it in their name : ((

Biggy - April 20, 2018, 11:42 am

They might want to but they'll have to initiate each payment. My guess is that somewhere around the 4th or 5th award buy they'll be like "Fuck this, I gotta blaze". We all know potheads are lazy. :)

Yes, that's what I'm saying. But you would need to do 10 orders, that's the catch. That should avoid someone getting 50 of these. While it's possible, it's not likely. But let's see who gets the most

today. :)

Not a purchasable donation award.

Quote:add a qty option to the page what do i look like checking out 10 different times >.<
Sorry, but no. And I won't take a direct payment either. Going to have to do it the old-fashioned way. That should avoid over-stacking the award beyond reason.

Yep, state legalization is a good step forward. Unfortunately means nothing federally haha. One step at a time ?

I think it's about time I've bought this award.

Long overdue for me; HF's most notorious stoner hahaha

Being from Canada as well just makes it more meaningful as we're getting steps away from federal legalization.

Just an FYI, I was such a stoner at one point I didn't even celebrate 4/20 it was the only day of the year I wouldn't get stoned.

420 was just way too mainstream ?

I do think I have most OG stoner username tho
