SIM-3423769 - April 21, 2018, 9:40 am

Help me finalize my Business Social Media presence
The Instagram is completely inactive as well as the twitter

The Instagram Handle and Twitter @ is cDuel

If you are able to acquire any of the following or have successfully acquired , provide me proof as well as message from the account and I will send payment of \$2,000 for each. I will pay \$4500 if you can bring me both as a package.

Twitter was acquired thanks to Moody , waiting for address to send him payment !

Instagram is still in need to be acquired, since it wasn't in a package Instagram payment will be \$2,000

- 1) I will pay first to avoid trust issue
 - 2) If worried of proof of funds, PM for proof
 - 3) Not a new user, my older username was Cum. and have been a member since early 2011.
- Recently returned from 5 year Hiatus however old account can still be viewed and can see rep etc.
(Was Never Negative Rep, Rep-killed, banned , etc.)

He is not going to scam for a username than only has meaning to you, I wouldn't worry and just be patient.

SIM-3423769 - April 24, 2018, 9:21 am

twitter has been successfully paid for and had a smooth and easy transaction with Moody, he will update comment thread when he receives 2nd half payment to show proof of receive.

Yaya,

Please approach this with caution, I wanted the poster to provide me proof that he obtained the account because I was curious and he cant, I really hope I am wrong for a second time in this thread but if the poster did not obtain the email address then he does not have the Instagram, he tells me that he is not going to login in to the account because he thinks it is going to be banned because the account is old, but this is not true i have logged into accounts from 2010 and have never experienced this issue, I dont know perhaps the poster is being extra cautious, he told me his friend cracked the password through a database search of the username, A database that is not public to anyone else allegedly.

So ask them for a DM from the account before you progress and I hope they can provide you with a smooth deal.

EDIT: also do not fall for the fake Instagram DM method, Send a secret word of your own to the instagram account via DM and have him confirm that word to you.

I can provide proof of ownership to the person who wants to buy the account; not you.

I'm not going to reveal how it was jacked because then someone could potentially jack it from us. We got into the hotmail that was linked to the account but that doesn't mean everything is safe yet, I'm just trying to be careful with this because I wouldn't want to get the @ banned.

You said the above on a PM yet that instagram is linked to a GMAIL and not a Hotmail, very odd...

I sent a password reset about 24hrs ago and it was gmail, So you are telling me that your personal Gmail matches the name on the instagram account hahahaahah pull the other one.

Name on the instagram account Duel Caesar

Hint that instagram gives when password reset is sent D*****r@Gmail.com

That's the original email for the account which will be provided to the buyer. His hotmail was linked to the gmail as a recovery email so it was pretty easy to gain control of both emails. Instagram reverted the email yesterday back to the original one which is what needed to happen in order to fully secure it.

I don't believe Slim is in possession of the account however if he can provide from the account to an Instagram I provided him to send it too, then we will. Thanks everyone else for looking out for me I greatly appreciate it.

I have always paid out claims and my speciality is Instagram. From the thread itself I can assure the account would not be locked if he changed the profile photo lol.

Waiting still for proof of possession, so everyone can keep attacking @cDuel on Instagram for me, bounty is still there.

I repeat, stop writing in this thread about OG this email that, support that, just provide proof of the Instagram @cDuel with a message from the account and that's that.
