Thread: [Construction Company Logo](#)

Armada - April 21, 2018, 12:04 pm

So I am looking for a general logo design for a friend of mine.

He is starting a construction company and needs a general logo for his company.
He is not super picky, but I kinda am, so I am asking the community for a pro-bono for my buddy.

I want a nice sleek design, obviously construction related.
The company name: Anything Possible Construction & Consulting

He is looking for the Marker of "APC" Or APC with a inner c and and & to combine them (if that makes any sense)

Id love to see what you guys can come up with, and he said if hes really happy he has no problem throwing a few bucks someones way to get it done right.

If you need anything changed or if he's still not satisfied, just let me know.
