Nice strategy, scamming then telling users this lol

spiral - April 24, 2018, 11:41 pm

Hey just saying, i know one of your vouches is your account also, I checked trust scan yesterday and it had two matching users now and this bs account had 0, now they both have 3. Coincidence? Also quit the bs man if your discord and Skype was compromised you wouldnt keep telling people orders were open lmao, poor twat scamming over \$40. Get gone.
