When it comes to rapping

EMINEM

Im his huge fan . There are two reasons

his struggle before success.

He failed ninth grade twice .Bullied in school. Did several jobs to help his family bcoz his poor economical condition. His wife divorced him . Drug addict .

2 . His songs

his songs always motivates me. (Lose urself)

his lyrics have some meaning about life (Not just like honey sing or Badshah who always raps on girls , bar etc)

Some of his songs are actually on his life (Mockingbird)

He is the 13 time grammy winner

some of his best songs are

Lose urself

Rap God

Mockingbird

I need a doctor

White america

Love the way you lie

Bad meets evil

phenominal

and the list goes on ...
