Thread: [Reported Posts Statistic](#)

Omniscient - April 29, 2018, 5:39 pm

You can now see in profiles your Reported Posts statistics. This was something disabled after the upgrade but is now enabled again. Xerotic has updated the plugin to ensure the stats are accurate and working according to MyBB changes in the table. So it's all good. Enjoy.

Riyu - April 29, 2018, 5:41 pm

Thanks, Xerotic. I know some people (including myself) liked to see how many posts we've reported.

#Skyline - April 29, 2018, 5:41 pm

Thanks again Omni. I only noticed yesterday I couldn't see this on my profile, and now I can. ?

FamousHater - April 29, 2018, 5:42 pm

looks like it reset the stats tho

Biggy - April 29, 2018, 5:42 pm

Mines is weak! Thought I had more.

Thanks for bringing this back. I've missed this little statistic. Keep it up @Omni and Xerotic. Fantastic job.

Nachfolger - April 29, 2018, 5:44 pm

Looks like the table was truncated? I had over 900 before the upgrade.

I was proud of my mini-moding.

Saltpeter - April 29, 2018, 5:47 pm

Looks great too, thanks again you two.

I have way more than I thought I would, jeez.

Makaveli The Don - April 29, 2018, 6:00 pm

Had like 2k before the upgrade. Was wondering when this will be back. Thanks Omni!

You don't have any since the 1.8 upgrade.

You are a snitch. ?

The reports were pruned before the upgrade due to the incompatible changes to how MyBB did the reports. Unfortunate but that's how it is.

Bluffer - April 29, 2018, 7:05 pm

Disappointed that my 500 or so reported post statistic is gone but its not a big deal. Glad to have this feature back. :)

DOG - April 29, 2018, 7:15 pm

Amazing! I love to know how much of I snitch am !! x)

Thank you for this!<3

Evanescent - April 29, 2018, 11:11 pm

This is amazing little feature. But my old stats are gone now. I guess they're counted since the 1.8 upgrade.

I wonder how much of those are wrong forum reports ?

Apparently mine has been reset to 0. Is there a cutoff for this?
