Thanks for sharing this. I know this youtuber and he seems okay. I don't know if he is one of the fake gurus or not.

For testing out products with FB ads around: 5-10\$ a day for aprox 2-3 days per product.

Domain would cost some bucks, you could get free shopify trial. So nothing too big to start with.

Around \$15 for domain
\$30 for shopify plan (or however much the basic one is - there is 14 day free trial tho)
Usually \$50-\$100 for FB ads (or IG influencers) until you can find a winning product (- \$5/day, test test test test)

You can throw in another \$20/month for shopify paid apps but most of them have at least 1 week free trial. ?

In total, \$200 should get you started, unless you have some other source of traffic (you have your own IG page, etc).

Good luck! ?
